# Florida School District 2014-15 Transportation Profiles

### Florida School District 2014-15 Transportation Profiles

This publication provides transportation directors and other interested persons with information about each of Florida's 67 school districts. The data reflect the complexity and variety of factors that result in differing costs for student transportation among districts. Care should be taken when making comparisons among districts and conclusions drawn only after careful consideration of variables.

# Methodology

#### **Percentage Enrollment Transported**

Derived by dividing the average number of eligible students reported as transported on the October 2014/February 2015 Automated Florida Education Finance Program (FEFP) Transportation Survey by the October 2014 Student Membership reported to PK-12 Education Information Services, FDOE.

•	State Average:	36.39%
•	Average for Mega Districts (districts with 400+ buses in daily service):	31.78%
•	Average for Urban Districts (districts with 200-399 buses in daily service):	43.02%
•	Average for Rural Districts (districts with 199 or fewer buses in daily service):	44.87%

#### **Operating Expenditures per Student (annual)**

Derived from total transportation expenditures on the 2014-15 Annual Financial Report (AFR) (general and special revenue), including capital projects expenditures for bus purchases, less total expenditures for purchase of buses from all fund sources. This calculation is divided by the total adjusted number of students transported according to the final transportation calculation for 2014-15.

• State Average: \$943.10

#### **Operating Cost per Mile**

Derived from total transportation expenditures on the 2014-15 AFR, not including bus purchases (general and special revenue). This calculation is divided by the total annual miles reported by school districts on the District Transportation Profiles Worksheet for 2014-15.

•	State Average:	\$3.59
•	Average for Mega Districts (districts with 400+ buses in daily service):	\$3.94
•	Average for Urban Districts (districts with 200-399 buses in daily service):	\$3.39
•	Average for Rural Districts (districts with 199 or fewer buses in daily service):	\$3.03

#### **Total Transportation Expenditures Including Bus Replacement**

Derived from total transportation expenditures on the 2014-15 AFR (general and special revenue), including capital expenditures for bus purchases, less total expenditures for purchase of buses from all fund sources, plus a 10 percent bus replacement factor. The bus replacement factor is included to normalize, on an annual basis, the impact of differing school bus replacement schedules among districts.

Statewide Total: \$1,072,264,506.43

# Instructions for Completing Florida School District 2014-15 Transportation Profiles Worksheet

Note: All data are to be supplied for the 2014-15 school year.

#### • Physical Demographics

- A. Please include the percentage of buses used for all categories of Exceptional Student Education (ESE) program students, not just students with physical disabilities. (*Enter a whole number between 0 and 100. Do not enter the percentage (%) symbol.*)
- B. Include any facility where monthly inspections or maintenance are being performed. Please do not include any site that does not have a garage building. (*Enter a whole number between 1 and 50.*)
- C. Include garages, schools and other sites where buses are fueled. (*Enter a whole number between 0 and 100.*)
- D. Include any garage or other area where buses are stored overnight. Do not include drivers' homes. (*Enter a whole number between 0 and 50*.)
- E. Percentage of buses stored at locations in (D) above. (Enter a whole number between 0 and 100. Do not enter the percentage (%) symbol.)
- F. Include any school designated as a school serving more than one attendance zone or the entire district that students may attend based on full or controlled parental option. Also include schools serving as magnet schools. (*Enter a whole number between 0 and 300.*)
- G. Include any schools operating under charter school statutes. (Enter a whole number between 0 and 200.)
- H. Include all ESE sites where students are transported primarily from door to door and/or on special education buses (at regular school sites, special sites or both). **Do not include charter schools**. (Enter a whole number between 0 and 200.)
- I. Include all locations to which you transport either teen parents or the young children of teen parents. (*Enter a whole number between 0 and 100.*)
- J. Include any sites where Pre-K instructional programs are provided and to which Pre-K students are transported by bus. (*Enter a whole number between 0 and 500.*)
- K. Number of charter schools served by school bus(es). (Enter a whole number between 0 and 700.)
- L. Include all regular school sites and any special sites that are classified as "school centers" (i.e., sites that are served by school bus(es) that have a Florida Inventory of School Houses number). (Enter a whole number between 0 and 700.)

#### • School Day Characteristics

- M. Does your district transport students home after half-day Kindergarten or Pre-K classes? (*Answer Yes or No.*)
- N. Number of schools that offer mandatory seventh period. (*Enter a whole number between 0 and 100.*)
- O. Number of schools that offer transportation for optional seventh period. (*Enter a whole number between 0 and 400.*)

# Instructions for Completing Florida School District 2014-15 Transportation Profiles Worksheet (Continued)

Note: All data are to be supplied for the 2014-15 school year.

- P. Indicate the number of schools, other than Kindergarten and Pre-K schools, with scheduled early-release days. (*Enter a whole number between 0 and 500.*)
- Q. How many days during the school year are early-release days? (*Enter a whole number between 0 and 300.*)
- R. How many schools operate on year-round education schedules? (*Enter a whole number between 0 and 200.*)
- S. Does your district stagger school bell times to accommodate transportation efficiency and scheduling? (*Answer Yes or No.*)
- T. Does your district have court-ordered or district-imposed busing to provide for racial balance? (*Enter CO for court-ordered, DI for district-imposed or None.*)
- U. Number of bus stop locations. Count the bus stop locations where students load or unload either in the morning or afternoon. Enter the number of stops for the time period (morning or afternoon) that has the greatest number of stops. Do not count any physical stop location more than once, even if the location serves more than one bus. (*Enter a whole number between 0 and 999,999.*)

#### • Personnel (V-DD)

These questions are self-explanatory. Include the number of positions (as described in each category) assigned to transportation and positions with primary responsibility in transportation if paid from a separate fund source (e.g., ESE program funds). Item DD (Total Transportation Positions) is a calculated field based on items V through CC.

#### Mileage Data

- EE. Show total annual route miles for 2014-15. This includes all regular routes and any other daily school use, but does not include field and activity trips.
- FF. Show total annual field and activity trip miles for 2014-15, <u>not</u> including regular route miles.

For FDOE Use: (EE) plus (FF) equals Total Annual Miles.

Data collected on the 2014-15 worksheet must be submitted online at <a href="http://doeweb-prd.doe.state.fl.us/EDS/TransportationProfiles/Login.cfm">http://doeweb-prd.doe.state.fl.us/EDS/TransportationProfiles/Login.cfm</a>.
