INTRODUCTION

This handbook combines the Department of Education (DOE) Information Data Base data elements and other materials that relate to local record keeping and state reporting data for limited English proficient students. It was developed by the Office of Education Information and Accountability Services and the Office of Multicultural Student Language Education (OMSLE). The handbook was designed for use by English for Speakers of Other Languages (ESOL) staff as well as data processing and Management Information Systems (MIS) personnel in Florida school districts.

The handbook is organized in two parts. The first part contains selected student data elements with a corresponding page containing information on state edits and program specific notes. The second part contains appendices with other related data base materials and information.

Note: Appendices that were taken directly from data base materials may not have the same appendix designation in this handbook as they have in the DOE Database Manuals.

In an effort to provide the most current information and best technical assistance possible, this handbook will be updated as the need arises. Periodically you may receive revised pages, inserts, or additions with a transmittal memo and specific instructions on each change.

The plan may be included in or attached to a student's existing plan, IEP, etc., or may be a separate document for a given student or students. If the plan covers more than one student, each student will have an individual copy of the plan maintained in the student's file.

ESOL Weighted FTE Funding

Question(s) and Answer(s):

Q. *Do you report students with a Limited English Proficient code of 'LN' for ESOL weighted FTE funding?*

A. No, if the students are not enrolled in an approved ESOL program and are not receiving ESOL and/or Home Language instruction, ESOL weighted FTE funding may not be claimed. These students should be reported for FTE funding for membership in the program in which they are enrolled.

Q. *Under which circumstances may ESOL weighted FTE funding be claimed for LEP students?*

A. ESOL weighted FTE funding may be claimed for students with a Limited English Proficient code of 'LY' who are enrolled in ESOL-Elementary, English, English Through ESOL, ESOL electives at the secondary level using ESOL strategies and/or ESOL or Home Language instruction in math, science, social studies and computer literacy. The teachers of these courses must be:

1. appropriately certified in accordance with the current year's Course Code Directory;

and

2. in the process of, or completed the required ESOL and/or Home Language inservice training required for basic subject area teachers;

and/or

3. in the process of, or completed the training/certification requirements of the ESOL Endorsement for Basic ESOL (Language Arts/English), Elementary Education or Exceptional Student Education teachers responsible for the primary language arts experience of LEP students;

or

4. grandfathered teachers who were granted an ESOL Endorsement,

and

5. documenting the use of ESOL and/or Home Language strategies.

Note: For further details regarding personnel requirements please see the chart, ESOL Personnel Training Requirements, Appendix L of this handbook.

Q. *Can ESOL weighted FTE funding be claimed for LEP students enrolled in Basic ESOL (Language Arts/English) math, science, social studies and computer literacy classes that are not self-contained?*

A. Yes. The delivery of ESOL and/or Home Language instruction via split classes is an appropriate delivery model and ESOL weighted FTE funding may be claimed for eligible LEP students. For details regarding cost, see Financial and Program Cost Accounting and Reporting for Florida Schools, 2001.

Q. *Can weighted FTE funding be claimed and reported for LEP students served by paraprofessionals or teachers aides?*

A. No. FTE may only be reported for the instructional time students spend in an eligible subject area with a certified teacher (the teacher of record). FTE may not be claimed for students served by non-certificated personnel.

Q. *Can school districts claim ESOL weighted FTE funding for students enrolled in other subject area classes, such as music, physical education, art, etc., when the teachers have completed the 18 inservice points of required ESOL training?*

- A. No, Section 1003.56, F.S., only permits ESOL weighted FTE funding in Basic ESOL (Language Arts/English) using ESOL strategies, ESOL electives, and ESOL or home language instruction in math, science, social studies, and computer literacy.
- Q. *Can school districts claim ESOL weight FTE funding for students in basic subject area classes (computer literacy, math, science, and social studies) when the teacher has not completed the 60 hours inservice points of required ESOL training during the mandatory timelines?*
- A. No. The only exception is if the teacher was granted a district approved leave of absence.
- Q. *If a Basic ESOL teacher (Language Arts/English) is assigned an LEP student during the 2004-2005 school year and is reported out-of-field, but is not assigned an LEP student for the 2005-2006 school year, must she/he be reported out-of-field for the second year?*
- A. No. For further details regarding the time lines for the completion of the required ESOL training, please see the ESOL Personnel Training Requirements, Appendix L of this handbook.
- Q. *Must all ESOL teachers be reported as "out-of-field"? **
- A. No. All teachers teaching the primary Language Arts/English to LEP students who do not have the ESOL Endorsement or full certification in ESOL must be reported and approved by the school board as being "out-of-field" in ESOL **at the time** the LEP student is assigned to such a teacher.
- Q. *Should Basic Subject Areas Teachers be reported "out-of-field" in ESOL?*
- A. No. All teachers teaching math, science, social studies and computer literacy to LEP students are **not** required to be reported "out-of-field" in ESOL or home language, since they are only required to obtain 60 inservice training points, which will not appear on, nor affect their teaching certificate.

Notes:

(a) Answers to the last two questions above assume the teachers have the appropriate certification or base coverage for the subject(s) being taught.

(b) Further details and information regarding procedures for reporting FTE may be obtained by referring to FTE General Instructions.

For the most up-to-date requirements regarding "out-of-field", refer to district's current certification policies.

ELEMENT NAME: CERTIFICATION/LICENSURE STATUS

State Edit(s)/Reject Rule(s) for This Element:

The Certification/Licensure Status code entered must be I, O, M, S or N. If a valid code is not used the record will be rejected.

Program Specific Notes:

Teachers who are responsible for the English/Language Arts instructions of LEP students (LY) are required to have an ESOL Endorsement in addition to the appropriate base coverage, based on subject area taught.

Teachers who are assigned to teach LEP students English/Language Arts and/or Language Arts Through ESOL must be reported as out-of-field if they do not hold the ESOL Endorsement on their teaching certificate at the time an LEP student is assigned to them.

Reporting as out-of-field, for the purposes of ESOL, is defined as:

- Reported as out-of-field on the data element 'Certification/Licensure Status via the Automated Student Information System, and;
- Reported to and approved as out-of-field by the local school board.

Note: See cautionary note located under the ESOL Weighted FTE Funding section of this manual.

Question(s) and Answers:

Q. Must an ESE teacher be reported as out-of-field if he/she is the primary English/Language Arts teacher assigned to teach a LEP student?

A. Yes, if the ESE teacher is responsible for the instruction of English/Language Arts for that LEP student, the student's IEP indicates English/Language Arts instruction, and the teachers does not have an ESOL Endorsement they must be reported out of field.

Q. When ESOL/Language Arts and/or English instruction are provided through a pull-out program, is the elementary grade teacher required to have the ESOL Endorsement or be reported as out-of-field?

A. If the LEP student is provided with **all** the ESOL/Language Arts/English instruction via the pull-out program, then the pull-out teacher is the person who must have the ESOL Endorsement and the elementary teacher need not be reported as out-of-field. If, however, the LEP student comes back in the class and the non-LEP students are still being instructed in Language Arts/English, or the class receives additional Language Arts/English instruction during the remainder of the day, the elementary grade teacher would also need to have the ESOL Endorsement or be reported as out-of-field until no longer assigned an LEP student for Language Arts/English.

Q. Does an ESOL/Language Arts/English teacher continue to be reported as out-of-field for the six years until the ESOL Endorsement is obtained even though the teacher is not assigned any LEP students?

A. No, if the teacher began the ESOL inservice training, was reported as out-of-field to the school board and via the Automated Student Database for the first year, but then was not assigned another LEP student for the second year or subsequent years, the teacher is no longer reported as out-of-field in ESOL. However, it is important to note that the teacher is still required to obtain the initial 60 hours of the ESOL inservice. Once a teacher has been reported as out-of-field that same teacher may not be reported as out-of-field in other subject areas until the ESOL out-of-field has been satisfied.

Note: Teachers who are reported as out-of-field in ESOL only (under this data element and to the school board) DO NOT need to be counted as out-of-field for the accreditation process or review by the Southern Association of Colleges and Schools (SACS).

ELEMENT NAME: COUNTRY OF BIRTH

State Edit(s)/Reject Rule(s) for This Element:

If Grade Level=PK-12, Country of Birth must be a valid code as listed in Appendix G or Appendix Q of the *DOE Database Manual*; or Appendix C of this handbook, other than ZZ. If Survey Period Code = 5 and Grade Level = 30 or 31, then Country of Birth may be ZZ. If the code is not a valid code, the record will be rejected.

Program Specific Notes:

This data element is used for collecting and reporting the country of national origin as required by the 1990 League of United Latin American Citizens (LULAC) et al v. State Board of Education Consent Decree. (See Appendix H)

Question(s) and Answer(s):

Q. What country code do you use for those students born on a U. S. military base in a country other than the U.S.?

A. The actual country (do not list as United States) regardless of a student's citizenship or if a military base is located on a U.S. Territory should be reported. The Country of Birth identifies the actual country of birth of the student.

Note: Schools are prohibited from eliciting, compiling or recording any information regarding a student's immigration status.

Q. Is the code of 'ZZ' (Other) used for non-LEP students?

A. No, all students, regardless of LEP status, should have a Country of Birth code. The code of 'ZZ' or 'Other', should only be used when the Country of Birth is not listed in Appendix G or Appendix Q of the *DOE Database Manual*. See Appendix C in this handbook.

M=Home Language Instruction	Limited English Proficient: Instructional Strategy code indicating the LEP student is receiving instruction in their home language in the course. (Home Language instruction is valid in math, science, social studies, and computer literacy.)
D=ESOL Instruction	Limited English Proficient: Instructional Strategy code indicating the LEP student is receiving instruction in English in the course. (ESOL Instruction is valid in language arts, math, science, social studies, and computer literacy.)

*NOTE: The LEP student's instructional strategy code (B, M, or D) must be submitted to the state in survey periods 2 and 3 in the "Limited English Proficient: Instructional Strategy" data element for **each course** being reported to the state.

It is important that schools and teachers note the difference between ESOL as a strategy and ESOL as a course. As required in law and rule, eligible LEP students should receive instruction in Basic ESOL (language arts/English) using ESOL strategies and ESOL or home language instruction in math, science, social studies, and computer literacy (courses taught using appropriate strategies).

The courses (listed in the Course Code Directory) and the instructional strategy codes and course flags must be used to document the services provided to LEP students.

See Program Specific Note given on FEFP Program Number data element in this handbook.

Note: ESOL Listening/Speaking, ESOL Reading/Writing or ESOL Combined Skills courses may be used to teach English through the content areas and may also be used for additional assistance to LEP students enrolled/reported in block scheduled courses.

The student's current grade Level code must be PK, KG, 01-12, 23, 30 or 31. If Grade Level is not one of the valid codes, the record will be rejected. Grade Level is used in many edits (see below).

Program Specific Notes:

Close attention should be paid to how data are recorded once the PK student progresses to Kindergarten so as to not have negative impact on assessment timeline calculation. Based on how the Average Length of Time from Identification to Classification is calculated it is advisable for the school district to input LEP data locally for PK LEP students for future state transmittal.

There is no formal English language proficiency assessment required for PK students. Once a PK student's Home Language Survey is completed by the parent/guardian, if there is one or more affirmative response, the student is considered to be LEP and should be provided linguistically and culturally appropriate services within the PK program.

Question(s) and Answer(s):

- Q. *What are the reporting requirements for PK LEP students? Do we have to submit the LEP Format for PK LEP Students?*
- A. Districts are not required to submit an LEP Format for PK students. The only data elements (which are on Student Demographics Format) that need to be reported on PK LEP student are: Date of Home Language Survey (HLS), Country of Birth, the Limited English Proficient code and all other elements that are required of all students.
- Q. *Is a LEP Student Plan required for PK LEP students?*
- A. The LEP Plan is also not required since it is assumed that all students in a PK/Early Intervention program are receiving developmentally appropriate instruction which addresses the language development and cultural needs of these students. Again, LEP: Student Plan Date is a data element which appears on the LEP Format and therefore is not recorded or reported for PK students.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT

State Edit(s)/Reject Rule(s) for This Element:

Limited English Proficient PK-12 code must be LY, LN, LF, LP, LZ or ZZ. If the codes are not valid, the record will be rejected.

Program Specific Notes:

The codes used should identify the current status of the student.

Special attention should be given in the use of the code LN to ensure accuracy in reporting and compliance with the 1990 League of United Latin American Citizens (LULAC) et al v. State Board of Education Consent Decree. (See Appendix H of this handbook)

Prekindergarten students will be reported as LY based on an affirmative response to the Home Language Survey (HLS). However, the PK students are not tested for English language proficiency, nor is a LEP Format submitted for PK LEP students.

Question(s) and Answer(s):

Q. When would it be appropriate to use the code ZZ for the Limited English Proficient data element?

A. A code of "ZZ" would be used for each student who is English proficient as documented by "no" responses to the three Home Language Survey questions and who does not meet the definition of LEP; or for a student who answers "yes" on Home Language Survey and does not score as limited English proficient on the appropriate assessment instrument(s) (based on age/grade).

Q. What LEP code do you use for an LEP student whose LEP: Basis Entry was a "T", was served in the program, and 20 days later tested as fully English proficient?

A. Once the student is tested as fully English proficient the LEP code should be changed from "LY" to "LF".

Q. Under what circumstances do you use the code of "LN"?

A. The code "LN" may only be used to report any student in membership who has been identified and assessed as LEP and who is not enrolled in an approved ESOL Program or any ESOL course and who is not receiving comprehensible instruction. For information on what data elements are reported in the LEP Format for students coded as "LN", see Appendix G in this handbook.

Q. If the teacher has not been trained in ESOL and/or home language strategies, should LEP students be coded as "LN"?

A. Yes, if the teacher is not using and documenting the use of ESOL and/or home language strategies in the Basic ESOL (or primary language arts), math, science, social studies and computer literacy courses.

Q. How are PK students coded for LEP purposes?

A. (a) Any PK student who has an affirmative response to any of the three Home Language Survey questions should be coded LY if the PK teacher/instructor has been trained (or is in the process of receiving 18 inservice points/hours) and is documenting the use of strategies.

(b) If the PK instructor has not been trained and is not documenting the use of specific strategies that address the needs of PK LEP students, then these PK LEP students should be coded as LN.

(c) Any PK student who has all negative responses to the Home Language Survey should be coded ZZ.

(d) PK students who were served in PK as LEP (LY), and when tested in K scored as full English proficient, should be reported as 'LF'.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: BASIS OF ENTRY**State Edit(s)/Reject Rule(s) for This Element:**

Limited English Proficient: Basis of Entry code must be A, R, L, or T. If the Basis of Entry code is not valid, the record will be rejected.

Program Specific Notes:

The prior procedure requiring Basis of Entry to be the same as Basis of Exit is no longer valid. See Appendix O in this handbook.

Guide for Basis of Entry Codes

Grade Level	Tested or entered via:	Code
K-12	Aural/Oral	A
K-12	LEP Committee	L
4-12	Scored full English speaker on Aural/Oral; but <= 32% on Reading/Writing	R
4-12	LEP Committee	L

NOTE: Some districts have now raised the <= 32% on Reading/Writing. This must be approved in the District LEP Plan.

Question(s) and Answer(s):

- Q. *Must a student who answered 'Yes' only to the HLS question, "Is a language other than English spoken in the home?" be placed in the ESOL program pending the required aural/oral assessment?*
- A. No. Effective July 1994 these students no longer have to be placed in the program pending aural/oral assessment. See Appendix O for complete instructions/requirements for entry/exit.
- Q. *Should the Basis of Entry be updated if the LEP Committee decides a K-3 student, who entered the program through an aural/oral test and now scores full English speaker, should remain in the ESOL program?*
- A. For the purpose of electronically tracking students enrolled in the program, and to have the 'backup' as to why the student is still in the program, the Basis of Entry should be changed from "A" to "L".
- Q. *What Basis of Entry code should be used for former LEP students who are being 'reclassified' as LEP?*
- A. The Basis of Entry code of 'L' will always be used for former LEP (LF) students "re-entering" the program, as the LEP Committee is the only means of reclassifying a former LEP student.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: BASIS OF EXIT**State Edit(s)/Reject Rule(s) for This Element:**

Limited English Proficient: Basis of Exit code must be A, R, L or Z. If a valid code is not used, the record will be rejected.

Program Specific Notes:

The prior procedure requiring Basis of Exit to be the same as Basis of Entry is no longer valid. See Appendix O in this handbook.

Possible Entry and Exit Codes by Grade:

Grades	Entry Code	Exit Code
PreK		A (In K)
K-3:	A	A
	L	L
4-12:	A	R
	R	R or L
	L	L

Question(s) and Answer(s):

Q. Once a student has entered the ESOL program via the LEP Committee, and has a Basis of Entry of 'L', may the student be exited once new test scores for reading/writing (Basis of 'R') are available?

A. The test scores may be used to refer the student back to the LEP Committee; however, the LEP Committee would have to meet again, and then, if the student is exited, the Basis of Exit would be 'L'.

Special Note - ESE/ESOL Students: For Entry/Exit codes for a LEP student who is also identified and/or served in Exceptional Student Education Programs; if the student is first identified/served as ESE, an IEP meeting with LEP Committee representation must be held prior to testing the ESE student for placement in an ESOL program.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: CLASSIFICATION DATE

State Edit(s)/Reject Rule(s) for This Element:

Limited English Proficient: Classification Date must be numeric and a valid date unless zero-filled.

Program Specific Notes:

LEP: Class Date is the initial date a student who responded "yes" to the Home Language Survey is determined eligible or not eligible based on assessment. This element should be used only for students classified as LEP for the first time based on assessment, or for PK students based on affirmative response(s) to the Home Language Survey.

Question(s) and Answer(s):

Q. Do the LEP dates have to fall into the "180 day" calendar?

A. No. The dates should reflect the actual date the procedure in question took place and should be a valid date (See date reporting format on data element.)

Q. Does the LEP Classification Date need to be reported for PK students?

A. The date should be maintained for local accountability as it will have to be transmitted to the state, then reported when the student enters Kindergarten, if the student remains in the program.

Note:

The LEP Classification date is the same as the date of the Home Language Survey for PK LEP students.

State Edit(s)/Reject Rule(s) for This Element:

Limited English Proficient: Entry Date must be numeric and a valid date unless zero-filled.

Program Specific Notes:

This is the initial date the student actually enters the ESOL program, not the first date he/she entered school.

Question(s) and Answer(s):

Q. Is the LEP: Entry Date supposed to be the same as the LEP: Classification Date?

A. The LEP: Entry Date may be the same as the LEP: Classification Date. However, there is no requirement in FAC rules, in Statute or in the data base edits requiring both of these dates to be the same. In fact, in some cases the Entry Date will occur prior to the Classification Date, such as, when students are identified via the Home Language Survey and the definition of LEP, but the school/district is unable to test on that same date. Upon an affirmative response to questions 2 and/or 3 of the Home Language Survey, Rule 6A-6.0902, F.A.C., requires the school/district to place the student in the ESOL program in the interim.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: EXIT DATE

State Edit(s)/Reject Rule(s) for This Element:

Limited English Proficient: Exit Date must be numeric and a valid date unless zero-filled.

Program Specific Notes:

Question(s) and Answer(s):

Q. If you have an exit date, do you have to have a reclassification date?

A. No. The reclassification date is reserved for former LEP students who are “re-entering” the ESOL program.

Q. Does withdrawal date equal the LEP exit date, even if the student has not been tested out of the ESOL Program? If not what date do you put in for exit date?

A. If the student withdraws from school but has not "tested/exited" out of the ESOL program, the exit date should be zero-filled.

Note:

For all LEP students who withdraw from school, special care and attention should be taken by school (and district) personnel to update and transmit the student record (through F.A.S.T.E.R., see Appendix P this manual) to the receiving school district.

Rapid transfer of records, whether automated or via hard copy, will provide the receiving district with vital data and will avoid unnecessary delays and duplicate testing.

State Edit(s)/Reject Rule(s) for This Element:

Limited English Proficient: Extension of Instruction code must be Y or Z. If the Limited English Proficient: Extension of Instruction code is not Y or Z, the record will be rejected.

Program Specific Notes:

English/Language Arts and/or ESOL instruction, plus math, science, social studies, and computer literacy instruction using ESOL and/or Home Language strategies, may be reported for ESOL weighted FTE funding for a base period of three years, and may be extended for a 4th, 5th, or 6th year, based on annual evaluations. Lack of funding does not relieve the district of the obligation to provide services beyond the six years.

(See the 1990 League of United Latin American Citizens (LULAC) et al. v. State Board of Education Consent Decree(See Appendix H) and Section 1011.62 F.S.)

The base period of three years is defined as three calendar years from the ORIGINAL DATE an LEP student enrolls in **ANY** ESOL program in **ANY** school district within the State of Florida.

Special attention should be given to accurate reporting of entry date to ensure this data may be transmitted via F.A.S.T.E.R. (see Appendix P of this handbook) to allow all districts the ability to track the total number of years an LEP student has been served.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: HOME LANGUAGE SURVEY DATE

State Edit(s)/Reject Rule(s) for This Element:

If Grade Level = 30 or 31, Limited English Proficient: Home Language Survey Date may be zero-filled. If Grade Level = PK-12 or 23, Limited English Proficient: Home Language Survey Date must be a valid date. If the Limited English Proficient: Home Language Survey date is not a valid date the records will be rejected.

State Validation Rule: If Grade Level = PK-12 or 23, Limited English Proficient: Home Language Survey Date must be less than or equal to the survey date unless Survey Period Code = 1 or 4 or Year-Round/Extended School Year FTE Indicator = A. If these elements do not match the district must correct the record.

Program Specific Notes:

The three questions that must be asked on the Home Language Survey are:

1. Is a language other than English used in the home?
2. Did the student have a first language other than English?
3. Does the student most frequently speak a language other than English?

Questions may be on a separate survey or part of the school registration form.

(See 1990 League of United Latin American Citizens (LULAC) et al. v. State Board of Education Consent Decree (See Appendix H of this handbook) and Rule 6A-6.0902, FAC)

The district must further assess all students who answer "Yes" to any of the questions on the Home Language Survey. This must be completed within four weeks (20 days) or the school must document the delay and notify the parent/guardian of such delay, in a language the parent/guardian understands.

For specific information and requirements regarding the placement of LEP students, see Appendix O of this handbook.

Question(s) and Answer(s):

- Q. *For a court adjudicated student, how does the district administer the Home Language Survey if they cannot send the survey home to the parent/guardian because the student lives at a state-operated facility?*
- A. Parents are not required to complete the Home Language Survey; the student may complete it at the state-operated facility.
- Q. *Are the three Home Language Survey questions matched to a specific data element?*
- A. The Home Language Survey questions do not appear on any specific data element. However, the date and the results of a Home Language Survey are reported.
- Q. *Must the Home Language Survey (HLS), as signed by the parent/guardian agree with the date entered in the computer? Many districts run batch programs using the first day of school or the student's first day in district as the date of the Home Language Survey. How should this be handled? How important is it that these dates agree?*
- A. The HLS Date is the date the HLS was actually completed by the student or the parent/guardian and should be the date entered into the computer. This date should not be "hard-coded" as it is the first step in the assessment process and is used to determine how long it takes to assess students as LEP or not LEP. The only exception to this is for PK-12 grade students who enrolled during the summer. See next question/answer.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: HOME LANGUAGE SURVEY DATE (Continued)

- Q. *How are the dates of the Home Language Survey recorded for those PK and Kindergarten students participating in Summer or spring pre-registration or 'Round-up' and other 1-12 grade students who enroll during the summer (prior to the first day of school)?*
- A. Only under these circumstances may the HLS be entered as the actual date the student started school. This ensures that the calculation of the districts assessment timelines are not adversely affected.
- Q. *If a student is not new to a Florida public school, but is new to a particular school district, do you have to re-survey the student?*
- A. If the student was surveyed in another Florida public school with the same three HLS questions, the HLS from the previous Florida school district may be used. However, if the survey form with completed questions is not readily available, then the student should be re-surveyed upon entry into the receiving school.
- Q. *All babies of teenage parents are reported as PK, and as such, are those babies to be surveyed?*
- A. Yes, all students in grades PK-12, and grade level 23, reported in membership in Florida public schools are to be surveyed. The HLS should be completed on each baby by the teenage parent or guardian.

Note:

It is important to note the difference between PK students reported of teenage parents (Alternative Education Program) and PK students reported for all other programs.

If the PK services are only child care and other social services, such as in the Alternative Education - Teenage Parent Program, then the childcare providers are not required to obtain the required 18 ESOL inservice training points. If however, the PK services are instructional (developmental); then the PK instructor is required to obtain the 18 ESOL inservice training points.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: INSTRUCTIONAL STRATEGY

State Edit(s)/Reject Rule(s) for This Element:

Limited English Proficient: Instructional Strategy must be B, D, M or Z. If the Limited English Proficient: Instructional Strategy is not B, D, M, or Z, the records will be rejected.

Program Specific Notes:

It is important that schools and teachers note the difference between ESOL as a strategy and ESOL as a course. As required in law and rule, eligible LEP students should receive ESOL instruction (course) or Language Arts/English using ESOL strategies and ESOL or Home Language instruction in math, science, social studies and computer literacy.

The courses (listed in the Course Code Directory) and the instructional strategy codes and course flags must be used to document that appropriate services are provided to LEP students.

The following chart describes the instructional strategy codes that should be used, based on the LEP code of the student.

LEP Status Code	Instructional Strategy and Courses
LN	Z
LF	Z
LZ	Z
LY	B when Basic ESOL and ESOL and/or home language instruction in the basic subject areas are delivered in a self-contained course number as listed in course code directory (graded self-contained) at the elementary level only.
	D when both Basic ESOL language arts or English and basic subject areas (math, science, etc) are taught as separate courses and with ESOL Strategies.
	M for each separate course in math, science, social studies, and computer literacy taught using home language strategies.
LP	Z If not in ESOL Program. If in ESOL Program then B, M or D, whichever applies (see LY notes)
ZZ	Z

Note:

Instructional strategy codes for LY students **MUST** be provided for each course the student is enrolled in and reported under the student course schedule format, regardless of funding source or program placement.

Question(s) and Answer(s):

- Q. When a student is enrolled in ESOL and in ESE, and is enrolled in a "Mainstream" math course in which ESOL strategies are used, is this course "flagged" with an "instructional strategy" code?
- A. Yes. If ESOL strategies are being used to provide instruction in Basic ESOL (English/Language Arts) and if ESOL or Home Language strategies are being used to provide math, science, social studies and computer literacy, then the appropriate LEP Instructional Strategy code must be used, regardless of the students' program participation and FEFP code (cf. ELEMENT NAME: LIMITED ENGLISH PROFICIENT: POST RECLASSIFICATION DATES

State Edit(s)/Reject Rule(s) for This Element:

None. However, this element is used in Local Accountability and District Records Transfer.

Program Specific Notes:

Post reclassification monitoring refers to the dates when the review of former LF students must be documented. The performance of all LF students should be reviewed on a periodic/regular basis to ensure that LF students are succeeding and are experiencing meaningfully participating in non-ESOL courses. This data element is used to document four specific required reviews.

Post Reclassification Monitoring - a student's performance must be reviewed and documented:

- First Report Card: refers to the date of first report card or grading period after the LEP student exits the ESOL Program. The most common is the end of the first nine-weeks grading period after exiting.
- First Semiannual Review: refers to the end of the first six months after exiting. Schools may wish to use the second report card, if the school calendar/grading period is by semester; if not then the end of the grading period closest to a six month period.
- Second Semiannual Review: refers to end of the first year after exiting.
- End of the Second Year

(See 1990 League of United Latin American Citizens (LULAC) et al. v. State Board of Education Consent Decree and Rule 6A-6.0901, F.A.C.) (See Appendix H of this handbook)

Once a student, identified as LF, has been through all the required monitoring reviews and has not been reclassified as LEP, the LF code must be changed to LZ.

Question(s) and Answer(s)

Q. Do you have to record an exit date for students identified as LF prior to 8/10/90?

A. Yes, for students reported in membership. Students identified as LF need an exit date in order to begin the Post Reclassification monitoring process as required by the Rule 6A-6.0901, F.A.C.

Q. Is the recording of these dates the only documentation that must be maintained?

A. No, this data element only records the dates that each of four reviews were conducted. Schools must document in each former LEP (LF) student's cum folder that the post-reclassification monitoring was done, what was reviewed, and what decisions were made, if any.

Question(s) and Answer(s):

- Q. *Do we need to test a student for reclassification or can we go by the report card grades/monitoring data?*
- A. State Board of Education Rules do not specifically require testing of all former LEP students; however, a LEP Committee meeting must take place prior to the placement of the student back into the ESOL program. Therefore, the Basis of Entry, for reclassified former LEP students will always be 'L' - LEP Committee.

ELEMENT NAME: LIMITED ENGLISH PROFICIENT: STUDENT PLAN DATE

State Edit(s)/Reject Rule(s) for This Element:

The Limited English Proficient: Student Plan Date must be numeric and a valid date unless zero filled.

Program Specific Notes:

Teacher, LEP Committee Chairperson, school ESOL Contact Person, or administrator/designee must complete the LEP student plan. The LEP student plan:

- must be in writing and maintained in student's cum folder (permanent record, category A).
- must be reevaluated after one year and subsequent years thereafter.

(See the 1990 League of United Latin American Citizens (LULAC) et al v. State Board of Education Consent Decree and 6A-6.0902 FAC.) (See Appendix H of this handbook)

LEP student plan means a written document(s) which identifies student name, instruction by program, including programs other than ESOL provided, amount of instructional time or schedule, date of LEP identification, and assessment data used to classify or reclassify as LEP, date of exit and assessment data used to exit student as English proficient. The plan may be included in or attached to an existing student's plan, IEP, etc. or may be a separate document for a given student or students, provided, however if "students", each student will have an individual copy of the plan maintained in the student's file.

Note:

The amount of instructional time at the secondary level, for the purpose of the LEP Student Plan, may be documented using the student's course schedule. That is, this information does not have to be rewritten on the LEP Student Plan form, the student course schedule must be stapled to the LEP Student Plan form. However, when a schedule is used, all courses taught using ESOL and/or Home Language strategies must be so indicated on the schedule. In addition, if the LEP student is participating in courses that are taught through other programs, such as Alternative Education or Exceptional Student Education, this must also be indicated on the schedule.

Question(s) and Answer(s):

Q. Is the LEP: Student Plan Date the initial date the plan was developed?

A. The LEP: Student Plan Date is the date that the most recent plan was developed, as defined by the Limited English Proficient: Student Plan Date.

Q. When students go from one grade to the next does the plan date have to be updated?

A. Yes, not only must the LEP student plan itself be updated, but the LEP Student Plan Date should reflect the date the plan was updated.

ELEMENT NAME: NATIVE LANGUAGE, STUDENT

State Edit(s)/Reject Rule(s) for This Element:

Native Language, Student must be a valid language code, containing no blanks. (See the language code table, Appendix N of the *DOE Database Manual* or Appendix F of this handbook.) If the Native Language, Student is not a valid language code, the record will be rejected.

If Grade Level is PK-12 or 23, then Native Language, Student must be other than ZZ. If the student is coded ZZ the record will be rejected.

Program Specific Notes:

The district must collect and maintain the native language of each PK-12 student, regardless of the Limited English Proficient code.

(See 1990 League of United Latin American Citizens (LULAC) et al. v. State Board of Education Consent Decree or Appendix H of this handbook)

Question(s) and Answer(s):

Q. Is the native language code of "Not Applicable" valid for grades PK-12?

A. No, all PK-12 grade student records must contain a valid native language code.

Q. Is it possible that the native language of a student who meets the definition of LEP be English?

A. Yes, given that this information is provided by the parent/guardian and/or self-reported. In addition, this would be the case for students with at least one parent/guardian being a native speaker of a language other than English and for whom the parent/guardian states that the child's native language is English (i.e. a student born in the Philippines - Father: U.S. born, and Mother: Philippine born).

Q. How is the "native" language of a student determined?

A. The "native" language is determined by question 2 of the Home Language Survey: "Did the student have a first language other than English?"

Note:

The appendix of language codes (Appendix N, *DOE Database Manual*) was revised and all indigenous languages were grouped together (listing of Indigenous Languages of the Americas Codes and Pacific Island Languages Codes). Special attention should be paid to the revision of the native language codes of those students still in membership for whom the previously used language codes were deleted from the appendix.

ELEMENT NAME: RESIDENT STATUS, STATE/COUNTY

State Edit(s)/Reject Rule(s) for This Element:

Resident Status, State/County code must be 0, 1, 2, 3, 4, or 5. If the Resident Status, State/County code is not valid the record will be rejected. If Grade Level is PK-12, then Resident Status, State/County must be in the range 0-3. If Grade Level is 30-31, then Resident Status, State/County must be 4 or 5. If the record does not match these criteria the district must correct it.

Program Specific Notes:

Resident status is determined based on DOMICILE, and is not to be confused with a student's legal immigration. This data element is to be filled in based on record of domicile only. **Schools cannot elicit, require, maintain, or document any information regarding a student's (or his/her parent/guardian's) immigration status.**

The code of 'O' for Foreign Exchange Students is a self-reported item and is only to be used for those few foreign exchange students who are brought into the school through a Foreign Exchange agency or service.

Test Date must be numeric and a valid date unless zero-filled. If Test Date is not numeric or not zero-filled, the record will be rejected. If the Test Date is a valid date, then the Test Name must be a valid code other than ZZZ. If not the record will be rejected. If Test Date is equal to zero, then Test Name must be ZZZ, the Test Score Type (first occurrence) must be ZZ, the Test Subject Content must be ZZ, and the Test Score must be zero. If not the record will be rejected. If Test Date is greater than zero, then Test Score Type must be a valid code other than ZZ. If not the record will be rejected. If Test Date is greater than zero, then Test Subject Content must be a valid code. If not the record will be rejected.

Program Specific Notes:

This refers to the date the test was administered which determined the student as LEP, or that was used to exit the LEP student for Surveys 2 and 3.

For Survey 5, this refers to the date the test was administered which determined Annual Reporting for English Language Proficiency in the four domains of listening, speaking, reading, and writing.

Question(s) and Answer(s):

- Q. *If you have a LEP student currently in an ESOL program, do you send test information if it is not in the current year; i.e., the student was tested in the prior year?*
- A. The submission of the LEP student record should reflect all the test information regarding entry and/or exit, regardless if either occurred in the past.

ELEMENT NAME: TEST NAME (ALL OCCURRENCES)

State Edit(s)/Reject Rule(s) for This Element:

The Test Name (all occurrences) must be a valid code. Valid Test Name codes are specified in Appendix I of the *DOE Database Manual*; or Appendix D of this handbook. If X is the first character then the second and third positions must contain alpha characters. If Test Name is not a valid code the record will be rejected.

If the Test Date is a valid date, then the Test Name must be a valid code other than ZZZ. If not the record will be rejected.

If Test Date is equal to zero, then Test Name must be ZZZ, the Test Score Type must be ZZ, the Test Subject Content must be ZZ, and the Test Score must be zero. If not, the record will be rejected.

Program Specific Notes:

All aural/oral tests used to determine listening/speaking of all potential LEP students must be approved by FDOE. See Appendix I of this handbook for current list of FDOE approved aural/oral tests.

Potential LEP students in grades 4-12 must be assessed with a NRT and score reported as national percentile (NP) score. Reading Comprehension and Language Mechanics or Usage are the test subject content areas that should be used.

Question(s) and Answer(s):

- Q. *The district was using a test that was not on the Test Name Table, how do they code it?*
- A. You may not use a test that is not on the Test Name Table, see *DOE Database Manual*, Appendix I; or see Appendix D of this handbook for the Test Name Table.
- Q. *Must the reevaluation instrument for students beyond the three-year base period be a NRT instrument or be a norm-referenced language proficiency test such as the LAS Reading/Writing assessment battery be used?*
- A. First, the student should be tested with the same instrument, as adjusted for age, grade and level, as was used for entry. If the entry instrument was an aural/oral test, the student scores FEP and is in grade 4-12, then an NRT reading/writing instrument should be used prior to exiting. As always, the student may be referred to the LEP Committee.

Note:

While the reading and writing tests do not have to be approved by the Department of Education, these tests must be norm-referenced instruments. The scores must be reported as national percentile scores. For tests that are norm referenced but use raw scores or scale scores, a Norming Comparison Scale to the 32nd percentile or higher depending on District LEP Plan must be used to equate scores for each test sub-part of reading (or reading comprehension) and writing (language usage of total language).

For the purpose of using IRW or LRW, the raw scores provided by these tests may only be used and reported using publisher's national percentile converted score for each test sub-part.

Please see Appendix I of this handbook for the revised list of FDOE approved aural/oral tests.

Program Specific Notes:

Reading/Writing - Students in grades 4 and above who score fully English proficient on the Aural/Oral and score at or below the 32nd percentile on the reading and writing sub-parts of a norm referenced test are eligible for an ESOL program. Assessment of reading and writing test must be completed within one year; for transfers, information completed one year prior can be used. For additional details regarding 4-12 grade LEP assessment see Appendix O in this handbook. (Appendix H of this handbook) (See 1990 League of United Latin American Citizens (LULAC) et al. v. State Board of Education Consent Decree and Section 6A-6.0902 FAC.

If the Test Score is zero, enter zeros in this field.

LEP students in grades K-12 who score limited English proficient on an aural/oral test as indicated by publishers' cut-off scores, are eligible for and should be provided appropriate services.

All numeric test scores should be reported as indicated by the test publisher. Please use the conversion chart in Appendix A of this handbook for all alphabetical scores.

If the Language Assessment Scales R/W (LRW) or the IDEA Language Proficiency R/W (IRW) tests are used for reading and writing, the raw scores (RS) must be converted to national percentiles (NP) for each test sub-part before reporting. IF NO CONVERSION IS AVAILABLE, THE USE OF THESE TESTS MUST BE DISCONTINUED.

Question(s) and Answer(s):

Q. May the district's annual norm-referenced test scores be used for entry/exit into the ESOL program by LEP students.

A. Yes, for 4-12 grade students who scored English proficient on an Aural/Oral Test and the NRT scores are less than 1 year old, the district's annual NRT may be used.

Q. Do test scores for students beyond the three year base need to be updated annually and submitted to the DOE?

A. No. The original date of the test and the test scores for the test that proved eligibility and placement should be maintained and submitted to DOE at each reporting period.

Q. May a school district use the reading portion (NRT) of the Florida Comprehensive Assessment Test (FCAT) for Reading Comprehension score for 4-12 grade LEP students since the score in national percentiles?

A. School districts are strongly discouraged from using the NRT portion of the FCAT for the following reasons:

- 4-12 LEP students need a NP score in reading and writing (language mechanics or language usage), therefore students would have to be tested with a completely different test to obtain a writing score.
- The results could not be obtained until near the end of the school year and schools would have to convene LEP Committee meetings on every student so tested to determine placement.
- Use of the FCAT NRT will necessitate a student tracking system to ensure all 4-12 grade LEP students that need to be tested are in fact tested; those served fewer than one year would not be able to be individually exempted.
- A different test would still need to be used for those LEP students who entered prior to February, but were not present during original FCAT testing or the make-up test.

ELEMENT NAME: TEST SCORE TYPE (ALL OCCURRENCES)

State Edit(s)/Reject Rule(s) for This Element:

Test Score Type must be RS, SS, NP, or ZZ. If Test Score Type is not RS, SS, NP, or ZZ the record will be rejected.

If the Test Date is a valid date, then the Test Name must be a valid code other than ZZZ. If not the record will be rejected. If Test Date is equal to zero, then Test Name must be ZZZ, the Test Score Type (first occurrence) must be ZZ, the Test Subject Content must be ZZ, and the Test Score must be zero. If not the record will be rejected.

If Test Date (first occurrence) is greater than zero, then Test Score Type (first occurrence) must be a valid code other than ZZ. If not the record will be rejected.

Program Specific Notes:

All numeric test scores should be reported with the appropriate test score type as indicated by the test publisher. For alphabetical test scores, please refer to Appendix A of this handbook for the conversion chart denoting the Test Score Type as Raw Score.

If the Language Assessment Scales R/W (LRW) or the IDEA Language Proficiency R/W (IRW) tests are used for reading and writing, the raw scores (RS) must be converted to national percentiles (NP) for each test sub-part before reporting. IF NO CONVERSION IS AVAILABLE, THE USE OF THESE TESTS MUST BE DISCONTINUED.

For school districts considering the use of the FCAT NRT, please see the notes listed under Program Specific Notes in Test Score Data Element in this manual.

ELEMENT NAME: TEST SUBJECT CONTENT (ALL OCCURRENCES)

State Edit(s)/Reject Rule(s) for This Element:

The Test Subject Content Code must be a valid code other than X_ unless ZZ. Valid Test Subject Content Codes are specified in Appendix L of the *DOE Database Manual*; or Appendix E of this handbook. If the Test Subject Content code is not a valid code, the record will be rejected.

Program Specific Notes:

For the LEP: Basis of Entry code of R (reading and writing), the writing may be satisfied by a Total Language Score that includes a subtest named writing or Language Mechanics or Mechanics or Written Expression or Language Usage or Language or English.

Note:

The Test Subject Content codes used for the standardized norm-referenced test (NRT), which are used for assessing LEP Reading/Writing scores should be as described in appendix E of this handbook under the appropriate test name.

If the Language Assessment Scales R/W (LRW) or the IDEA Language Proficiency R/W (IRW) tests are used for reading and writing, the following Test Subject Content codes should be used:

30 Language (Total) and 10 Reading.

If the test provides a composite score for both reading and writing, guidance must be sought from the Test Publisher to obtain separate scores, as a reading and writing NP score must be obtained and reported for each 4-12 grade LEP student.

The Test Subject Content codes recommended for use with Aural/Oral language proficiency tests are as follows:

- 17 Speaking
- 18 Language Proficiency Level
- 19 Oral

or as recommended by test publisher.

Question(s) and Answer(s):

Q. What is the correct test subject content code for the IPT? Is it 18 or 19?

A. The best test subject content code to use for the IPT is 18 (Language Proficiency Level) since 19 is oral only.

2005-2006 Limited English Proficient Student Information

1. Submit a separate record during reporting periods 2, 3 and 5 for each student in K-12 membership identified as "LY" for the Limited English Proficient data element. Also, submit a separate record for each student identified as "LF" for the Limited English Proficient data element, who has exited the program within the last two school years.

2. Submit a separate record during reporting periods 2, 3 and 5 for each 4-12 grade student in membership identified as "LP" for data element Limited English Proficient, if the "LP" student is enrolled in an ESOL program pending assessment. (If the 4-12 grade student is identified as "LP" and enrolled in a regular program, do not submit a record.)

NOTE: If the student is identified as "ZZ" for the Limited English Proficient data element, do not submit a Limited English Proficient Student Information format because the LEP: Post Reclassification Dates are for Local Accountability and District Records Transfer.

3. For Surveys 2 and 3 test information should be submitted only upon the student's entry into the program and exit from the program according to the following guidelines.

- For students in grades KG-03 entering or exiting an ESOL program report the aural/oral test scores that
- a. determined the student eligible and in need of services or no longer in need of services. These are reported in the test fields for Listening and Speaking.
 - b. For students in grades 04-12, report entering or exiting an ESOL program report aural/oral test scores plus reading and writing test scores, using all four sets of test elements.

4. For Survey 5 report language proficiency assessments in the areas of listening, speaking, reading and writing for each student in KG-12 membership identified as "LY" anytime during the school year. The Test Score Type must be recorded in accordance with the test publisher's guidelines and must match the Test Subject Code.

NOTE: Zeroes may be a valid test score.

SETTLEMENT AGREEMENT

Introduction

The Parties to this Settlement Agreement are the above-described Plaintiffs and Defendants in this action - specifically LULAC et al. on the one hand, and the Florida State Board of Education, the Florida Department of Education and the Commissioner of Education on the other hand.

Terms of the Agreement

1. This Settlement Agreement is adopted by the parties to resolve a dispute as to the issue of compliance by the defendants with their legal obligations under federal and state law and regulations including the federal Equal Educational Opportunity Act [20 U.S.C. 170 3(f)], Title VI of the federal Civil Rights Act of 1964, the Florida Educational Equity Act, and related federal and state provisions regarding compensatory, migrant, and special education. All parties are satisfied that the best interests of the plaintiffs are properly and adequately addressed by this agreement.
2. This Settlement Agreement applies to plaintiffs and defendants, as well as to their agents, employees, successors, and assigns.
3. It is agreed that the state acting through the defendants have the obligation to set standards for school districts and to enforce such standards. The defendants have issued emergency regulations and will issue final regulations on or before November 14, 1990 to meet the terms of this Agreement and satisfy the state's obligation to set standards for school districts. All regulations including any future regulatory changes shall be compatible with the terms of this Agreement.
4. The defendants shall, for a period of five years, subject to extension on motion of the parties, annually submit to counsel for the plaintiffs a status report on the implementation of each section of this Agreement. Such report will be submitted on or about July 1 of each year unless the parties agree on a difference date. In addition, the plaintiffs on notice and subject to reasonable restraints of time and place, and, subject to any confidentiality limitations of state or federal law, may examine all documents which this Agreement requires to be issued, maintained or retained.
5. The defendants agree that the plaintiffs are entitled to attorney fees and costs. The parties agree to bargain in good faith concerning the amount of fees and costs. Should the parties be unable to reach agreement within ninety (90) days of the Court's approval of this Agreement, the plaintiffs may move the court for an award of fees and costs.
6. Enforcement remedies for violations of all provisions shall be in the manner set forth in the following paragraph:
 - a. The attorneys for the plaintiffs shall first provide written notice and demand to cure the specific alleged breaches to the defendants and said officials shall attempt to cure said violation within twenty-one (21) days of receipt of notice.
 - b. Thereafter, in the event the Plaintiffs or their attorneys do not believe these violations are cured, then the Plaintiffs or their counsel shall provide written notice to Defendants' counsel of these violations who shall attempt to cure said violations within twenty-one (21) days of receipt of notice. During this twenty-one (21) day period, either Defendants' attorneys or Plaintiffs' attorneys shall have the right to require the other by written request to meet personally or mediate in good faith to resolve the dispute.
 - c. In the event the dispute is not resolved at the end of the period described in paragraph (b) above, counsel for the Plaintiffs may apply to the Court and seek all remedies permitted by law.
 - d. However, defendants shall have the right to assert as a defense that they have substantially complied with the term or terms of the Settlement Agreement and the Consent Order which Plaintiffs allege have been breached, or raise any defense available to the defendants by the Settlement Agreement or permitted by law.

e. In the event enforcement proceedings are initiated, the Plaintiffs shall only recover reasonable attorneys' fees and costs in the event that they prevail.

Conclusion

In U.S. v. Armour 402 U.S. 673, 29 L.Ed.2 263 (1971) the court observed,

"Consent decrees are entered into by the parties to a case after careful negotiation produced agreement on their precise terms. The parties waive the right to litigate the issue involved in the case and thus save themselves the time, expense and inevitable risk of litigation." 402 U.S. at 681

The decree presented to the Court, like the decree referred to in Armour, is one that is the product of "careful negotiation" on each and every term. While the defendants do not concede liability and the plaintiffs contend that they might have achieved more after a lengthy litigation process, all agree that the document represents a thoughtful, measured approach to a difficult issue which will serve the children of Florida well. We ask the Court to order it into being.

AGREEMENT

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

IDENTIFICATION AND ASSESSMENT

A. Definition -

1. All students with limited English proficiency (L.E.P.) must be appropriately identified in order to ensure the provision of appropriate services. The terms limited English proficiency and limited English proficient, when used with reference to individual, mean:
 - a. individuals who were not born in the United States and whose native language is a language other than English; or
 - b. individuals who come from home environments where a language other than English is spoken in the home; or
 - c. individuals who are American Indian or Alaskan natives and who come from environments where a language other than English has had a significant impact on their level of English language proficiency; and
 - d. individuals who, by reason thereof, have sufficient difficulty speaking, reading, writing, or listening to the English language to deny such individuals the opportunity to learn successfully in classrooms where the language of instruction is English.
2. The terms home or native language, when used with reference to an individual of limited English proficiency, mean the language normally used by such individuals, or in the case of a student, the language normally used by the parents of the student.
3. The term LEP committee means a committee composed of ESOL teacher(s) and home language teacher (if any) and administrator or designee plus guidance counselors, social worker, school psychologist or other educators as appropriate for the situation. The parent(s) would also be invited to attend any committee meetings.
4. LEP student plan means a written document(s) which identifies student name, instruction by program, including programs other than ESOL provided, amount of instructional time or schedule, date of LEP identification, and assessment data used to classify or reclassify as LEP, date of exit and assessment data used to exit student as English proficient. The plan may be included in or attached to an existing student's plan, IEP, etc. or may be a separate document for a given student or students, provided, however if "students", each student will have an individual copy of the plan maintained in the student's file.
5. Basic subject areas means instruction in computer literacy, mathematics, science and social studies.
6. Basic ESOL means instruction in English.
7. Other subject areas means any instruction other than Basic ESOL or Basic subject areas.

B. Initial Identification

1. Beginning in 1990-91 each student, upon initial enrollment in a school district, shall be surveyed at the time of enrollment by being asked the questions identified in I.B.2. Students whose initial enrollment in the district was prior to the 1990-91 school year shall also be surveyed unless they have been previously classified as LEP or unless they have been surveyed with the survey questions provided in I.B.2. The survey questions may be included on a registration form or on a separate survey. In either event, the survey shall be maintained in accordance with Rule 6A-1.0955, FAC.

2. The following questions shall appear on the survey:

- a. Is a language other than English used in the home?
- b. Did the student have a first language other than English?
- c. Does the student most frequently speak a language other than English?

3. The home language and the national origin of each student shall also be collected and retained in the district's data system.

4. The data collected in accordance with the above described home language and national origin inquiries shall be reported (on at least an annual basis) and maintained in accordance with the Florida Department of Education's data collection procedures.

C. Assessment to Determine Eligibility for Appropriate Services and Funding

1. Each student for whom there is a "yes" response to questions (a), (b) or (c) posed in the survey shall be assessed to determine if he or she is limited in his or her English proficiency (LEP).

2. Any student identified in C.1. who also meets any one of the following standards shall be determined to be LEP and shall receive appropriate instruction and funding as specified herein.

a. English language speaking and listening comprehension skills shall be determined by the use of a state approved appropriate English language aural/oral proficiency test. Each test shall be administered in accordance with its publisher's instructions, and any student who scores within the LEP range determined by the publisher's standards shall be determined to be LEP.

b. For any student in grade 4 or above, English language reading and writing proficiency shall be determined by the following criterion:

(1). Any student who scores at or below the 32nd percentile on the reading and writing sub-parts of a norm-referenced test shall be determined to be LEP and shall be provided appropriate services.

c. Upon request of a parent or teacher, a student not determined to be LEP or a student determined to be LEP based solely on standard C. 2. b. may be referred to a LEP committee. The parent(s) preference will be considered in the final decision. The

LEP committee may determine a student to be LEP or not to be LEP according to consideration of at least two of the following criteria in addition to the test results from a. or b.;

- (1). Extent and nature of prior educational and social experiences; and student interview;
- (2). written recommendation and observation by current and previous instructional and supportive services staff;
- (3). level of mastery of basic competencies or skills in English and/or home language according to appropriate local, state and national criterion-referenced standards;
- (4). grades from the current or previous years.
- (5). test results other than those from C. 2.a or C. 2.b

d. Any determinations by the LEP committee shall be contained in a written evaluation which shall be placed in the LEP student's plan. Such evaluation shall further set forth a plan, which will be implemented, to address the student's language needs.

e. In lieu of standards C.2.a and C.2.b a school district may use a district-developed or adapted test procedure to assess a student's limited English proficiency. The procedure must be approved by the Florida Department of Education prior to implementation. The Florida Department of Education must determine affirmatively that the instruments and standards utilized are valid and reliable measures of whether or not a student is limited English proficient before the test can be implemented. A test substituted for C.2.a. must measure speaking and listening and a test substituted for C.2.b. must measure reading and writing.

3. Assessment of each student's aural/oral proficiency pursuant to C.2.a and C.2.d should be completed as soon as possible after the student's initial enrollment and shall be completed within four (4) weeks unless the following is documented:

a. For each child so delayed, the reason for the delay, evidence that the child is accorded the programming required for LEP's pending the delay, and a specific timetable for completing the assessment. This documentation shall be mailed to the parents in their primary language no later than eight weeks after initial enrollment. A copy shall be retained in the child's files for a minimum of one year.

4. Assessment of each student's reading and writing proficiency pursuant to C.2.b or C.2.d shall be completed within one year after the date of enrollment for those students who are not identified as aural/oral deficient C.2.a, c, or d. as LEP. For students transferring into the school district, assessments completed one year prior to the student's transfer may be used.

5. Assessment of a student's English proficiency shall be completed as rapidly as possible. In the interim, from enrollment to eight weeks, the student shall be eligible for ESOL funding based on a school district interim assessment procedure which shall be described in a district plan approved by the Florida Department of Education. However, the student shall receive services until initial assessment is completed.

6. A LEP committee, with notification of and the opportunity to participate by the student's parents, shall conduct those assessments referred to in C.2.c and D.3. and shall recommend an LEP student plan for such student, within the terms of this agreement.

7. An eligible students may be reported for funding in the ESOL program for a base period of 3 years. However, a student whose English competency does not meet the criteria for proficiency after 3 years in the ESOL program may be reported for a fourth, fifth, and sixth year of funding, provided his limited English proficiency is assessed and properly documented prior to his enrollment in each additional year beyond the 3 year base period.

D. Programmatic Assessment

1. Each student determined to be LEP shall be further assessed in basic subject areas so as to aid the student's teacher in developing an appropriate instructional program.

2. Each district shall seek to (1) document the prior schooling experiences of new students by means of school records, transcripts and other evidence of educational experiences, and (2) take such experiences into account in planning and providing appropriate instruction to such students. The Florida Department of Education shall generally assist in such efforts with the collaboration of appropriate technical resources, where feasible.

3. Any LEP student's teacher, administrator, parent or parent's designee may request the convening of a LEP committee, to review the student's progress in attaining necessary subject area competencies or persistent deficiencies in overall student performance. Such a committee may be reconvened at any time after a student has been served for a semester. The committee shall make recommendations for appropriate modifications in the student's programming to address problems identified, and shall document such modifications in the student's file.

E. Classification and Reclassification

1. (a). Every student identified as LEP shall continue to receive appropriate instruction and funding as specified herein until such time as the student is reclassified as English proficient. English proficiency shall be determined by reassessing the student utilizing the same or comparable assessment instruments, procedures and standards required for initial assessment as adjusted for age and grade.

(b). Provided, however, a student who does not meet the standards required for initial assessment as identified in C.2.a, b, c, or d and has been classified as LEP and enrolled in an ESOL program may be assessed utilizing additional information upon the request of a ESOL teacher, counselor, administrator or parent. The LEP committee may use other assessment information to determine that the student should be exited from the ESOL program if the committee determines that another instructional program or combination of instructional programs better meets the needs of the student. The documentation of the assessment used and the justification for such action shall be retained in the student's records. The procedure for follow-up on performance as specified in F.1. shall be followed.

(c). An LEP student shall be enrolled in one or more of the categorical programs listed in section III based on eligibility and need. The amount of time the student is assigned

to such a program(s) shall be comparable to that assigned non LEP students under similar conditions. Provided, however, if full time, the student shall be provided English and basic subject area instruction identified in section II for LEP students as soon as possible.

(d). A student may only be reclassified if he or she is determined not to be LEP utilizing the procedures in (a) and (b) and standards.

2. Student needs shall be determined by applying the multiple criteria for entry set forth in C.2 a, b, or c and the same LEP committee procedure set forth in C.2.c. This extension of instruction shall be provided to (a) all students not satisfying the above described standards for reclassification, and (b) all others on an individualized basis whose aural/oral proficiency testing and achievement results in English are not consistent. LEP committee considering the extension of programming for such students shall refer the student as necessary for appropriate compensatory, special and supportive services evaluations and programs.

3. LEP students provided ESOL or home language instruction may be reported for funding in the FEFP for a base period of three years, provided, however, the initial three years of funding may be extended annually for three years, based on an annual evaluation of the student's status compared to the assigned criteria. (Also see C. 7. and F. 4.)

F. Post Reclassification Monitoring

1. The performance of former LEP students shall be reviewed periodically to ensure parity of participation once they have been reclassified. These reviews shall take place automatically at the student's first report card and semi-annually during the first year after exiting, and at the end of the second year after exiting. Any consistent pattern of continuing under-performance on appropriate tests and/or grades shall result in the convening of a LEP committee with parental participation to assess the student's need for additional appropriate programming as ESOL or other needed programs. Special weight shall be given to any decline in grades and/or test performance after reclassification, and to parent preference.

2. Such LEP committees shall recommend an appropriate LEP student plan for such students. The basis and nature of such recommendations shall be in writing and maintained in the student's file. Any such plan shall be reevaluated for continued appropriateness after one year, and each year thereafter as necessary.

3. Any student who is determined to be LEP pursuant to this section based on F.1 or with recommendation based on F.2 shall be provided appropriate instruction on the basis of an annual extension pursuant to a documented determination of the student's needs.

4. If a student exits the program and is later reclassified as limited English proficient, the student may be reported in the ESOL program for funding for an additional year, or extend annually for a period not to exceed a total of 6 years pursuant to C. 7., based on an annual evaluation of the student's status.

5. Lack of ESOL funding eligibility does not relieve districts of any obligation they may have under state or federal law to continue to provide appropriate services to LEP children beyond the six years of state ESOL program funding.

II.

EQUAL ACCESS TO APPROPRIATE PROGRAMMING

A. Principle:

Each limited English proficient (LEP) child enrolled in any program offered by the Florida Public Schools is entitled to equal access to programming which is appropriate to his or her level of English proficiency, academic achievement and special needs.

The primary goal of all such programming is, to develop as effectively and efficiently as possible, each child's English language proficiency and academic potential. Such programs should also provide positive reinforcement of the self-image and esteem of participating pupils, promote cross-cultural understanding, and provide equal educational opportunities.

1. Equal access to appropriate programming shall include both access to intensive English language instruction and instruction in basic subject matter areas of math, science, social studies, computer literacy which is (1) understandable to the LEP student given his or her level of English language proficiency, and (2) equal and comparable in amount, scope, sequence and quality to that provided to English proficient students. Recommendations for such programming shall be documented in the form of a LEP student plan, which shall be in conformity with this agreement.
2. Limited English proficient students with special needs (such as for compensatory, remedial, or exceptional education) and who are at greater risk for under-achievement and/or dropping out, and in need of additional services, shall be provided equal and comparable services to those provided to English proficient students. LEP students shall receive needed services on a timely basis, and the services provided shall be appropriate for their level of English proficiency as set forth in A above.

B. State Approval of Appropriate District Instructional Programming for LEP Students

1. Each district shall submit a district LEP plan for the usage of state funds describing its proposed procedures and methodologies for serving LEP students, subject to Florida Department of Education approval prior to program implementation in 1990-91 school year, pursuant to the following criteria:

d. A district's LEP plan shall rely upon and incorporate home language instruction in basic subject areas (such as transitional or developmental bilingual education) and/or ESOL instruction in basic subject areas (such as "structured" or "sheltered " instructional strategies) in addition to basic ESOL instruction. All such programming shall provide each LEP student with the opportunity to learn the academic English subject matter vocabulary necessary for academic success.

Basic ESOL instruction may be provided in heterogeneous classroom settings (e.g., with multiple language groups).

3. A LEP student shall be provided Basic ESOL programming for the minimum number of hours specified in the individual LEP student plan per day/week of Basic ESOL. Such plans shall specify that each student receive at minimum the amount of Basic ESOL instruction which may include special or alternative language arts necessary to attain parity of participation with non LEP students in language arts and in no event less than the amount of instruction received by a non LEP student at the same grade level.

4. Basic ESOL services shall seek to prepare students for reclassification as soon as the student has attained a sufficient level of English language proficiency and academic achievement according to the entry/exit standards set forth in Section I.

5. A student's ESOL teacher, parent or parent's designee, or other school personnel may request the convening of a LEP committee to identify any special problems which may be hindering a student's progress in ESOL at any time after the end of the student's first semester in the program. A LEP committee shall make appropriate recommendations as necessary for the modification of the LEP student plan. The nature and basis of such modification, if any, shall be documented in each student's LEP student Plan.

6. The Florida Department of Education shall develop or identify standards and criteria for evaluating the appropriateness of Basic ESOL instruction in each district. These standards shall be consistent with state-required curriculum frameworks and student performance standards.

7. Basic ESOL instruction shall be provided by appropriately qualified personnel, as set forth in Section IV of this agreement regarding personnel issues.

D. ESOL Instruction and Home Language Instructional Strategies in Basic Subject Areas

a. each such course has been structured in conformity with ESOL strategy for teaching limited English proficient students basic subject matter;

b. each course is taught by qualified personnel and appropriate materials are available to such personnel;

c. students are learning and progressing towards completion of the district's pupil progression plan.

3. LEP students in ESOL basic subject area classrooms shall have access to an individual proficient in their languages in addition to a trained ESOL subject area teacher pursuant to Section IV of this agreement. Schools with at least 15 students speaking the same native language shall provide at least one aide or teacher proficient in the same language and trained to assist in ESOL basic subject area instruction. The district in its district LEP plan shall specify how the district will meet the needs of students in their native language by the use of teachers, aides, parents, volunteers, and students proficient in the language.

4. The Florida Department of Education shall develop or identify standards and criteria for evaluating the appropriateness of the ESOL instruction in basic subject areas.

F. Home Language Instruction in Basic Subject Areas (as required in D)

G. Interim Measures

1. All LEP students shall receive an instructional program which includes the components set forth herein - Basic ESOL instruction and understandable instruction in basic subject areas.
2. In recognition that appropriately trained personnel might not be available to each child to provide each component, a plan shall be developed at each school and for each district setting forth the following:
 - a. the number of students by language group who are denied any of the programming required by this agreement;
 - b. documentation of its efforts and lack of success in recruiting, hiring, and/or training appropriately qualified staff for such programs;

III.

EQUAL ACCESS TO APPROPRIATE CATEGORICAL AND OTHER PROGRAMS FOR LEP STUDENTS

A. Limited English proficient students are entitled to equal access to other appropriate programs such as compensatory, exceptional, early childhood, vocational, and adult education as well as to drop-out prevention and other supportive services, whether provided or funded under federal or state law or through local initiatives.

1. LEP students should not be restricted in such access by the imposition of any criteria or methods of program administration (such as pre-set time limits regarding program eligibility for reasons related to limited English proficiency, or minimum prerequisite levels of English proficiency prior to being served) which inappropriately delay or deny their being served.

2. Programs described in this section shall be provided to LEP students in a manner appropriate to their level of English language proficiency and must provide them equal access to the program's subject matter content and benefits including understandable instruction and service in a manner consistent with sections I and II of this agreement.

3. Extended day - (before school and after school) programs, whether funded through categorical or general programs shall provide equal access to eligible LEP students.

B. Compensatory Education

1. No district federal Chapter 1 basic and/or migrant education plan or state compensatory education plan shall be approved by the Florida Department of Education unless it shows evidence of providing equal access for eligible LEP students and incorporates programming and services for eligible students which is appropriate given their level of English language proficiency.

2. The Florida Department of Education shall monitor districts for compliance in accordance with the provision of their approved federal Chapter 1 and state compensatory education plans, and applicable federal and state requirements.

3. Each district shall report annually to the Florida Department of Education the number of students served by federal Chapter 1 and state compensatory programming and services by race, national origin, and limited English proficiency.

4. Federally funded compensatory services shall be provided to eligible LEP students on the basis of overall uniform written criteria and standards identifying special needs resulting from educational deprivation without specific regard to needs arising solely from limited English proficiency. These standards or criteria shall be met by the use of standardized test score data, as well as by additional information from informal assessments, observation by school staff, records of academic performance, and other relevant individualized indicators of educational deprivation. If language dominance tests are used, they must be combined with other measures or other indicators such as composite score, or a weighted score to select children on a basis other than English language proficiency.

5. Federal Chapter 1 funds shall be used as appropriate to provide supplementary educational services in specific subject matter components to remediate educational deficiencies once districts have allocated resources from local and state funds to provide legally required services to LEP students. Services provided under Chapter 1 shall be carefully coordinated with other categorical programs serving LEP students and with home language and/or ESOL services for such students as part of a student's LEP student plan. Unnecessary duplication or inconsistency of services shall be avoided. Examples of such cooperative services include:

- a. employment and training of home language or ESOL instructional and supportive services Chapter 1 staff in addition to those provided with state and local funds;

6. Federally funded services may be provided as necessary beginning during the pre-school through the secondary level, and may be implemented on a schoolwide basis where there are high concentrations of eligible children. Such services may be year-round, include intensive summer school programs, extend the school day, and serve to reduce class size. The Florida Department of Education shall monitor regularly the implementation of such services and may join with the local district and parents to develop a joint plan for program improvement where inadequate progress is being obtained until improved performance is sustained over more than a one-year period.

7. The Florida Department of Education shall, in addition to the overall Chapter I program monitoring tasks described herein, specifically monitor local districts on a regular basis to assure equal access and appropriate programming and services to limited English proficient students eligible under the federal Chapter I - migrant education program.

Such monitoring shall include:

- a. use of statewide and localized Migrant Student Record Transfer System (MSRTS) specifically addresses the need for an appropriate use of data as to limited English proficient migrant students,
- b. utilization of bilingual personnel who can communicate with the students and identify LEP students eligible for Chapter I - migrant programs and services.

8. LEP students shall be provided access to appropriate compensatory programs intended to prepare them for passing the state's competency testing requirements for graduation. This shall include access to courses, programs and services intended to remediate students failing to attain minimum required levels for passing such tests.

9. Students in grades 3, 5, and 8 who have been in a membership in an ESOL program for LEP student for two or fewer years may be exempted from participation in the SSAT-I examination program or alternative program. Each school district will offer alternatives for the use of the SSAT-I for the measurement of the minimum standards for grades 3, 5, and 8. These alternatives shall measure the same standards as those measured by the SSAT-I through methods appropriate for the LEP student. The Florida Department of Education shall assist school districts in identifying or developing these alternative methods. Remedial programming that is responsive to the unique linguistic and cultural needs of the LEP students shall be provided to those students who do not meet the performance standards as measured by the SSAT-I or the alternative methods described herein.

10. LEP students who by the end of grade 12 fail to meet the 10th grade standards as measured by the SSAT-I and II, the student shall be provided compensatory education for the "thirteenth year" as provided in s. 232.246(10), F.S. If after the thirteenth year the student is still unsuccessful in meeting the 10th grade standards as measured by the SSAT-I and II, the student may be eligible to be reported for FTE funding in the appropriate courses in the Adult Education Program of the FEFP. In the case of the SSAT-I, alternative methods of measuring compliance with the standards shall be used where feasible, for LEP students if the students are unable to demonstrate achievement of the standards through the use of the SSAT-I due to deficiencies in language proficiency.

C. Exceptional Student Education

IEPs must be reviewed at least annually and the parent must be notified of the meeting.

d. Communication with parents who are not proficient in the English language shall be in the language or other mode of communication commonly used by the parent unless such communication is clearly not feasible.

e. Individual educational plans for eligible LEP students must incorporate specific modifications to accommodate their levels of English proficiency consistent with sections I and II of this agreement.

3. A district's exceptional program plan shall not be approved where a district is failing to provide eligible LEP exceptional students and/or parents appropriate procedures, programming and/or services pursuant to the above described standards.

STIPULATION MODIFYING CONSENT DECREE

On August 14, 1990, this lawsuit was settled and a Settlement Agreement was approved as an order of the Court. On January 17, 2003, Plaintiffs' moved to enforce the terms of the Consent Decree and on February 28, 2003, the Court ordered the parties to commence mediation immediately.

On April 25, 2003, the parties participated in mediation before former United States District Judge Edward B. Davis, in Miami, Florida. This is the first modification that the parties have sought of the original Consent Decree. The parties agree to modify the Consent Decree with respect to § IV (*Personnel*), *as set forth herein*.

1. Nothing herein is intended to diminish any option for endorsement or coverage set forth in the August 14, 1990, Decree. Rather, this stipulation sets forth an additional means by which a certified teacher may obtain ESOL subject area coverage. It also establishes training and/or educational requirement for persons holding administrative and guidance counselor positions. All other requirements of § IV that are not inconsistent with this modification continue.

2. A certified teacher may obtain ESOL subject area coverage by virtue of passing a state approved ESOL certification examination. Any teacher who receives coverage in ESOL through this option shall be required to obtain 120 hours of in-service training or continuing education ESOL-approved courses within a three (3) year period of the date of their receipt of ESOL certification. This requirement includes those who have already been certified un the proficiency test method. Any ESOL-approved in-service hours and course work taken prior to gaining ESOL certification may be counted toward the required 120 post-certification hours.

3. Defendants shall require that school administrators and guidance counselors be required to obtain sixty (60) hours on in-service training or continuing education in ESOL-approved courses within a three (3) year period of the effective date of this Stipulation. Any school administrators and guidance counselors hired after the effective date of this Stipulation shall have three (3) years from the date of being hired to meet this requirement. Any ESOL-approved in-service hours and course work taken prior to the effective date of this Stipulation or prior to hiring may be counted toward the required sixty (60) post-certification hours.

4. The Department shall inform all districts of the terms of this modification within thirty days of court approval. It shall further require all districts to develop reasonable procedures to assure that all affected personnel are making regular progress in meeting its terms, which shall be reviewed in monitoring visits. No ESOL certificate shall be renewed for any teacher that obtained ESOL subject area coverage through the option described in ¶2 who has not completed the requisite training three (3) years.

5. Plaintiffs' designated experts will be given secured access to review the active ESOL subject area tests and to provide meaningful input to the Department regarding changes that might be suggested regarding the test, item specifications and the skills and competencies to be tested. The process for review may involve any of the following.

- (a) Plaintiffs may designate up to five experts who will be given access to the two active ESOL subject area certification tests. As part of this review, these experts will have to travel to Tallahassee and sign the Department's standard test security agreement prior to reviewing the tests. The review will take place in the presence of a Department employee and any item specific comments or notes must be given to the Department's designee before leaving at the end of the review period. No item specific notes or documentation may be taken out of the secure test reviewing area.
- (b) Upon request of the Plaintiffs and/or their designated experts, the item specifications may be made available to the designated experts only. The experts may not copy or distribute any of the item specifications to any other individual or entity, and must return the item specifications to the Department prior to the date of the above-referenced test review.
- (c) Defendants will make available to Plaintiffs' experts as part of the access provided under ¶5(a) above, all material relied upon in the development of the tests.
- (d) The date for the above-referenced test review shall be set by the parties for the month of August, 2003. It is understood that a review might take more than one day, and upon request of Plaintiffs' experts any reasonable request for more time shall be accommodated.
- (e) The Department shall have ninety (90) days after the receipt of the suggestions and comments from the Plaintiffs' designated experts to review said suggestions and comments and shall thereafter have an additional sixty (60) days to respond.

6. Defendants agree to perform a substantial review of the existing ESOL certification test instrument commencing in 2004 and Plaintiffs and or their designees' input provided for as specified in ¶5 above will be considered in the review as provided for in ¶5 above. The product of this review shall provide reasonable assurance that the test adequately measures knowledge of each of the five (5) areas set forth in § IV.A.I (a) of the Consent Decree. The review will be completed no later than July 1, 2006.

7. Any decision about modification to the ESOL certification test, as well as the content and curricula of post-certification training, is solely within the discretion of the Defendants so long as the product meets professional standards and is congruent with ¶6.

8. This Stipulation shall become an addendum to § IV of the Consent Decree, and shall have the full force of the Consent Decree after approval by the Court. To the extent that anything herein is incompatible with the Decree, this Stipulation shall govern.

9. The parties agree that within twenty (days) of signing this Stipulation, they will jointly file with the Court a Motion to Approve Stipulation Modifying the Consent Decree.

10. Plaintiffs agree that within five (5) days of the Court approving the Stipulation, they will move the Court to withdraw all pending motions regarding their efforts to enforce the Consent Decree.

11. The Defendants agree to commence rulemaking if necessary to effectuate the terms of the Stipulation within ninety (90) days of Court approval.

12. If the Court does not approve this Stipulation, then it shall be deemed null and void, and all parties shall be placed in the same position as if this Stipulation was never proposed or agreed to by the parties.

IN WITNESS WHEREOF, the parties to this Stipulation of Abatement have executed the same as of this 2nd day of September, 2003.

Test Score Reporting and Use of Test Data Format Slots

TEST SCORE REPORTING AND USE OF TEST DATA FORMAT SLOTS

The following examples are provided to illustrate the possible use of all the test data slots provided in the 1996-97 Limited English Proficient Student Information Format. These samples are also intended to note the correlation between several LEP Data Elements; such as, Basis of Entry, Basis of Exit, Test Date, Test Name, Test Score, Test Score Type and Grade Level of LEP students.

(NOTE: The item numbers refer to the number order of the data elements as they appear on the LEP Format. See Appendix I of this handbook.)

SAMPLE 1:

Basis of Entry is "A"
K-3 LEP student is tested with one aural/oral test
Test score is Non-English Speaking (NEP) or Limited English Speaking (LEP)
Basis of Exit is "A"

USE: item numbers 15 - 18 plus 28 for ENTRY test data
item numbers 20 - 23 plus 31 for EXIT test data (once student scores FES and exits)

SAMPLE 2:

Basis of Entry is "A"
K-12 LEP student is tested with one oral test and a different aural test
Test scores are NEP or LEP
Basis of Exit is "R" based on CTBS score

USE: item numbers 15 - 18 plus 28 for ENTRY oral test data
item numbers 20 - 23 plus 31 for ENTRY aural test data
Once the student exits, item numbers 15 - 18 plus 28 and 20 - 23 plus 31 will have to be overwritten with appropriate reading and writing test data

SAMPLE 3:

Basis of Entry is "R"
4-12 LEP student who scores Fully English Proficient (FEP) on the aural/oral test, is tested with a norm-referenced standardized achievement test and scores below the 32nd percentile
Basis of Exit is "L"

USE: item numbers 15 - 18 plus 28 for *reading* ENTRY test data
item numbers 20 - 23 plus 31 for *writing* ENTRY test data
Once the student exits, no exit testing data needs to be entered as the LEP Committee exited the student and the student's cumulative folder would have the evidence used in the decision making process
