Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

Grads represent a total count of individuals by school with valid Social Security numbers and are displayed when there are 10 or more.

Employment outcomes are based on the 4th quarter (October to December) of 2014.

Full time is defined as earning at least minimum wage for 13 weeks (\$4,124).

Full time earnings are displayed when 10 or more graduates are employed full time.

Continuing education outcomes are based on enrollment data for the fall semester of 2014 and preliminary winter/spring semester of 2015.

Students may be in multiple programs; therefore the details may exceed the total unduplicated count.

2013-14 Florida Public University Graduates
