Introduction

Commissioner Jeanine Blomberg
2007-08 Statewide Funds Operations and Fixed Capital Outlay = $71.9 billion
2007-08 Statewide General Revenue Appropriations (Operations and Fixed Capital Outlay) = $29.2 billion

- Education, $14.9, 51%
  - K-12 – 67%
  - Universities – 17%
  - Community Colleges – 7%
  - Workforce – 3%
  - Early Learning – 2%
  - State Board and Other Education Issues – 4%
- Natural Resources/Transportation/Economic Development, $0.6, 2%
- Public Safety/Corrections, $3.9, 13%
- Judicial/Courts, $0.5, 2%
- Health/Human Services, $7.9, 27%
- General Government, $1.5, 5%
K-20 Education Mission and Goals

Section 1008.31, Florida Statutes, establishes the mission and goals of Florida’s K-20 education system:

Mission:

“Increase the proficiency of all students within one seamless, efficient system, by allowing them the opportunity to expand their knowledge and skills through learning opportunities and research valued by students, parents, and communities.”

Goals:

1. Highest Student Achievement
2. Seamless Articulation and Maximum Access
3. Skilled Workforce and Economic Development
4. Quality Efficient Services

SBE Strategic Plan:

The SBE’s 8 Strategic Imperatives operationalize the K-20 mission and goals.

FCAT Mathematics
Achievement Level 3 and Above
(On Grade Level and Above)
Grades 3-10

[Graph showing the percentage of students achieving Level 3 and above from 2001 to 2007, categorized by race: White, Hispanic, African American.]
2006-07 Gains in Goal 1: Highest Student Achievement

- Florida improved overall student learning proficiency in grades 3-10 **Reading and Math** based on the National Assessment of Educational Progress (NAEP):
  
  - Fourth grade students improved five points in **reading** from 219 in 2005 to **224** in 2007 (national average score 220).
  - Fourth grade students improved three points in **math** from 239 in 2005 to **242** in 2007 (national average score 239).
  - Eighth grade students improved four points in **reading** from 256 in 2005 to **260** in 2007 (national average score 260).
  - Eighth grade students improved three points in **math** from 274 in 2005 to **277** in 2007 (national average score 280).
2006-07 Gains in Goal 1: Highest Student Achievement (continued)

- Record numbers of Florida students are taking the American College Test (ACT), Scholastic Aptitude Test (SAT) and Advanced Placement (AP) exams:
  - More than 81,500 2007 high school graduates took the ACT (53% of total graduates)
    - Minority student participation increased from 40% in 1999 to 51% in 2007
    - African-American students comprise 23% of test takers (14% nationally)
    - Hispanic students comprise 19% of test takers (8% nationally)
  - More than 97,300 2007 high school graduates took the SAT (64% of total graduates)
    - Minority student participation increased from 39% in 1999 to 46% in 2007
    - African-American students comprise 14% of test takers (12% nationally)
    - Hispanic students comprise 23% of test takers (12% nationally)
  - For the second consecutive year, Florida had the greatest increase in the nation in the number of students taking AP exams (103,547 students)
    - Increase in AP test takers has increased 199% since 1999
    - African American student participation increased 337%
    - Hispanic student participation increased 271%
2006-07 Gains in Goal 1: Highest Student Achievement (continued)

- Florida continues to **close the achievement gap** by increasing the number and percent of students achieving at or above grade level in reading and math:
  - **Reading** (from 2001 to 2007)
    - African-American students up from 26% to **39%**
    - Hispanic students up from 35% to **50%**
  - **Math** (from 2001 to 2007)
    - African-American students up from 26% to **43%**
    - Hispanic students up from 41% to **57%**

- More than **124,000 (55%)** of Florida’s **4-year old children** enrolled in the VPK Program during its second year.

- Florida’s community colleges **lead the nation** in the annual number of Associate degrees produced (over **45,000**).

- More than **22,000 teachers** were recruited for new positions in Florida’s K-12 classrooms.

- Over **5,700 K-12 administrators** participated in leadership professional development.
2006-07 Gains in Goal 2: Seamless Articulation and Maximum Access

The 2006 Florida Legislature and State Board of Education realized a banner year in “Setting and Aligning Academic Standards” in several ways that shape the future of Florida’s education system:

- Established a cycle of revision of Sunshine State Standards aligning: review of standards, adoption of instructional materials, revision of performance assessments, and educator professional development requirements.

- Unprecedented Middle School Reform, including: promotion requirements; intensified remediation requirements; career/postsecondary future planning; and access to high school courses while still in middle school.

- Unprecedented High School Reform provisions: requiring schools to identify and allow student selection of “Majors” and “Minors” in careers and fields of student interest; increased math requirements; and increased reaching and math remediation for struggling students.

- Established the Florida Schools of Excellence Commission expanding State Board of Education ability to authorize charter schools in the state.
2006-07 Gains in Goal 2: Seamless Articulation and Maximum Access (continued)

- Targeted improvements in high school student success and advancement:
  - Public high school graduates from 130,000 to more than 135,000.
  - Rate of high school standard diploma graduates continuing to postsecondary education at 63%.

- Florida charter schools both increased in quantity (to over 350) and improved in quality:
  - The percentage of all charter schools earning a grade “A” or “B” improved from 51.3% to 68.0%.
  - Charter school students enrolled in “A” and “B” charter schools improved from 59.9% to 73.2%.
2006-07 Gains in Goal 3: Skilled Workforce and Economic Development

- Targeted improvements in adult and career education credential attainment:
  - Adult General Education Programs (GED) from 35.6% to 35.7%.
  - Career-Technical Certificate Programs from 72.0% to 72.4%.

- Focused State Board of Education and Legislative policy to assist students in early career choices and opportunities:
  - Required the statewide implementation of career academies/small learning communities in high school
  - Created the Ready to Work Certification program
  - Requiring middle and high school students to complete planned programs of study around career interests (over 121,200 students created a personal planner using FACTS.org)

- Improved (from 74.6% to 75.8%) the percent of certificate and college credit workforce program completers placed in Florida employment.
2006-07 Gains in Goal 4: Quality Efficient Services

With Legislative and State Board of Education leadership, Florida adopted educator **performance pay policies** and **independent school accountability provisions**:

- The **MAP Plan performance pay program** to reward the highest performing instructional personnel and school-based administrators in the state with a merit-based pay supplement of at least 5 percent of the average teacher’s salary for that school district not to exceed 10 percent, including an allocation of **$147.5 million** for the MAP Program.

- **Differentiated pay policy** for Instructional Personnel and administrators that must at least recognize additional job responsibilities, school demographics, critical shortage areas and level of job performance difficulties.

- **Scholarship Accountability** and **Charter School Accountability** provisions tightening local and state responsibilities related to the regulation, oversight and support of independent schools.
2006-07 Gains in Priority Goals of:
Vocational Rehabilitation and Blind Services

Vocational Rehabilitation

- Florida’s Division of Vocational Rehabilitation efforts increased the total number of successful employment outcomes from 10,796 to 11,089.

Blind Services

- Florida’s Division of Blind Services efforts increased from 653 to 753 the number of successful employment outcomes for individuals classified as having significant disabilities.

  The increases resulted while maintaining a high competitive employment rate of 96.81% (far exceeding the federal standard of 35.4%).
The 2008-09 Budget Preparation Process

- Preparation by stakeholder/cabinet member
- Budget requests linked to strategic imperatives
- Emphasis on results from prior funding/expected results from 2007-08 funds
- Context – “Big Financial Picture”
2008-09 Education Budget Priorities

- Class Size Reduction
- Financial Incentives for Increased Student Performance
  - Performance Pay
  - Performance Funding
  - School Recognition
- Student Financial Aid and Access to Postsecondary Education
Budget includes funding for 2008-09 enrollment growth:

- 14,318 Early Learning students
- 11,775 K-12 students
- 9,622 Workforce Education students
- 19,076 Community College students
- 2,290 University students
- Student Financial Aid
  - 7,595 Bright Futures recipients
  - 9,810 Florida Student Financial Assistance recipients

- Aircraft Power plant Mechanics
- Avionics
Increasing Students’ Earning Potential

- School district certificate program completers can expect to increase their earnings by 59%.  
  (OPPAGA, June 2004)

- The estimated full-time annual earnings of a district certificate completer in 2004-05 was $29,144.  
  (FETPIP Report, Fall 2005)

- 72% of district certificate completers in 2004-05 were employed in Florida by Fall 2005.  
  (FETPIP Report)
GED Administration

**Accounting and Test Database System**

- Estimated System Cost: $480,000 to be funded through an increase in GED testing fees (additional trust fund authority requested)

- The current system provides data on all GED tests administered in Florida
  - Currently, there are 84 Official GED test sites in Florida. For the 2006 calendar year, 222,070 subtests were administered to 46,300 individuals.

- The benefits of a new system are: (1) the assurance of the accuracy of the information being provided to examinees and testing sites; (2) the assurance of the accuracy of the data required for reporting to various state and federal agencies; (3) a reliable billing system for the collection of fees from the testing sites, funds which support the operation of the GED office; and (4) reduction of data center operational support required by the need for constant repairing and patching of the antiquated system.
New Initiative: Industry Certification Incentives

- $1,000,000 to enhance the teacher industry certifications that are necessary for students to receive industry credentials.

- The Career and Professional Education Act of 2007 emphasizes preparing students for entry into employment in high skill, high wage, high demand areas. A basic requirement for entry may require an industry credential and often teachers are required to have an industry credential to provide the curriculum to students.

Project Goal: 300 teacher scholarships at a maximum of $3000 per professional development grant for qualified teachers to complete the coursework required to earn an industry credential. Applicants for these scholarships will be required to meet qualifying criteria and submit an application approved by their Superintendent or College President.

Expected Outcomes: Increased number of high school graduates with industry certifications at graduation or who continue onto postsecondary to complete the certification.
Ready to Work

Restore Non-recurring funds of $17,750,000

Purpose:
- Identify specific skills/competence level to enter a specific occupation
- Provide targeted instruction
- Provide student with credential that demonstrates his/her ability to enter the workforce with the skills needed to succeed

Who is Eligible to Offer the Program:
- Public Schools
- Regional Education Consortia
- Community Colleges
- Area Technical Centers
- One-Stop Career Centers
- Voc-Rehab Centers
- DJJ Programs

Expected Outcome: Businesses, students, and parents have confidence in and documentation of students’ employability skills.
SUCCEED, Florida! Career Academies

Total Request: $10,000,000

2007-08 Funding Total - $5,610,927
- Continuation Grants – approx. $3.3 million
- New Grants – approx. $2.3 million

2006-07 Funding Total – $9,524,601
- New Career Paths – $5,526,764
- Continuation Funds for Recipients of 2005-06 Grants – $1,932,000
- Legislative Appropriation to Fund A++ Plan – $2,065,837

Outcomes, 2006-07:
- 102 new career academy and 37 continuation grants funded
- 9,752 students enrolled in SUCCEED funded academies in 2006-07
- 656 students earning industry certifications

Career Academy Themes Funded in 2006-07:
- Health Services - 15
- Science, Technology, Engineering & Mathematics - 14
- Information Technology - 12

Division of Community Colleges

Will Holcombe
Chancellor, Division of Community Colleges
Meeting the Statutory Goal of Providing Maximum Access to Higher Education

**The primary point of access to higher education in Florida:**

- 1 out of every 23 Floridians is enrolled in a community college.
- 56 percent of Florida’s high school graduates postsecondary education began in a community college.
- 35 percent of bachelor’s degree recipients in the state university system are transfer students from community colleges.

**The primary point of access for under-represented and non-traditional students:**

- 80 percent of the freshmen and sophomore minority students in lower division public higher education are attending a Florida community college.
- 79 percent of public postsecondary Pell Grant recipients attended a Florida community college.
- Nearly half of the AA/AS degree-seeking students in community colleges are non-white.

Section 1000.02(2)(c), F.S.
Meeting Florida’s Critical Workforce Needs

- 50 percent of the 10.2 million jobs projected to be needed in 2014 will require postsecondary education at **less than a bachelor’s degree**.

- 79 percent of community college completers in workforce programs are in **high-wage, high-skill** programs that align with Workforce Florida’s Targeted Occupations List.

- 49 percent of all **teachers** started at a Florida community college.

- 67 percent of **nursing** degrees in Florida are produced in community colleges.

- Nearly 78 percent of **first responders** (police, fire, emergency medical technicians, etc.) graduate from community college programs.
Increasing Students’ Earning Potential

- The typical community college student completing an A.S. degree program increased earnings by 167%.
  (OPPAGA, June 2004)

- The estimated full-time annual earnings of an A.S. degree completer in 2004-05 was $42,404.
  (FETPIP Report, Fall 2005)

- 80% of community college A.S. degree completers in 2004-05 were employed by Fall 2005.
Florida Community Colleges Leading the Region

Leading the Region in Degree Productivity Among SREB States, 2005-06

• 11 points above the SREB average three-year progression rate.

• 10 points above the SREB average in 1st year retention.

---

SREB – Southeast Regional Education Board
Florida Community Colleges Leading the Nation

- Six of Florida's community colleges rank among the top 11 of associate degree producers in the nation; 15 are in the top 100.
- Five of Florida’s community colleges are among the top 15 in the nation in awarding associate degrees to African American students.
- Three of Florida’s community colleges are among the top 10 in the nation in awarding associate degrees to Hispanic students.
- Miami-Dade College awards more associate degrees annually than any other community college in the United States, and also awards more degrees to minorities than any other community college.
Providing Access to the Bachelor’s Degree

**Baccalaureate Degrees at Community Colleges**

- An estimated 5,500 students enrolled in Florida community college baccalaureate degree programs in 2007-08.

- A cumulative total of 2,343 Degrees are anticipated to be awarded through the current fiscal year.

- State funding of $3,872 per FTE represents 62% of the state university system state cost per FTE.

The State University System has responsibility for the strength of the business environment:

- Train students to take good jobs;
- To create good jobs;
- To generate the ideas and innovations that result in strength and resilience.

Without a quality university system, the state will not be able to compete in the 21st century marketplace.
How are we doing?
What it takes to close the skills gap by 2027

- 46th in bachelor’s degrees awarded per capita.

- 2.5 million adults — 27% of 25-64 population — have a bachelor’s degree or higher vs. 33% in 10 states with highest GDP per capita.

- Economic impact:
  - Actual size of Florida’s economy: $610 billion
  - If Florida were a top-10 state: $790 billion
  - Productivity gap: -$180 billion

- 4 million adults with bachelor’s degrees to reach 33% by 2027 — 1.5 million more than today.
Total Funding per Full-Time Equivalent Student: a 20 year odyssey

Constant 2005-06 dollars per FTE, adjusted for inflation using the Higher Education Price Index (www.commonfund.org). 2007 inflation rate of 3.4% also used for 2008-09 estimate.

3.7% funding increase per FTE
Florida has the worst student-faculty ratio in the country

The Result is Deteriorating Quality

1,570 additional faculty to reach national average

Note: Full-time equivalent students per full-time tenured/tenure-track faculty
2008-2009 SUS Budget

- $3.85 billion operating budget
- $394 million PECO budget

- Focused on:
  - Improved graduation and retention
  - Efficiencies gained through shared-system resources
  - Medical Education
  - Centers of Excellence
Forward by Design

- Improve quality.
- Increase baccalaureate degree production.
- Provide appropriate and predictable funding.

Vocational Rehabilitation

Linda Champion
Deputy Commissioner, Finance and Operations
Customers gainfully employed for 2006-07 averaged $20,609 in annual salaries. This is estimated to generate $229 million in salaries that will be invested in Florida’s economy in their first year of work.
2006-07 Accomplishments
VR Rehabilitation Rate

Rehabilitation Rate for 6 State Fiscal Years

- SFY 2001-02: 53.5%
- SFY 2002-03: 53.1%
- SFY 2003-04: 54.2%
- SFY 2004-05: 56.9%
- SFY 2005-06: 60.4%
- SFY 2006-07: 61.1%
2006-2007 Initiatives

- Improved Employee Retention
- Expanded Employee Recognition Program
- Invested in Continuous Learning
- Improved Employee Climate and Working Environment
- Partnership with 33 school districts to provide work experience for youth with disabilities
Turnover: Entry Level Vocational Rehabilitation Counselors

Note: Entry level counselor retention has improved, but needs continuous attention.
2008-09 Budget Request

- VR Federal Award is Projected to Increase by $4,509,758
- Requesting $1,220,557 in GR State Match to Maximize the Federal Award
- Increase Salary Rate Authority by $2,200,000 to allow for targeted pay increases, including team performance incentive pay.
- Shifts (realigns) $275,429 in Workers Compensation Administration Trust Funds from State Technology Office budget category to Salaries and Benefits for Injured Workers program.
Summary of Budget Request

- Increase Salary Rate Authority by a Total of $2,200,000
- Note: Costs to continue unless specified below.

Blind Services
Employment, Independence, & Education

- 2008-09 Request to Restore Nonrecurring General Revenue Funds for
  - Blind Babies Program - $500K
  - Services to Older Blind - $240K
Blind Services

Employment, Independence, & Education

- Blind Babies Program – Section 413.092, F.S.

- Provide services to children from birth to 5 years old
  - Current funds of $1M provide limited services to 600 children
  - Full case services costs average $2,500 per child
  - Shortfall per child is approximately $800
  - Less than 2/3 of the caseload has all needs addressed
  - Waiting lists are prevalent
  - General Revenue Request for Restoration of Nonrecurring Funds of $500K
Blind Services

Employment, Independence, & Education

- Independent Living Program – Section 413.011(3)(d), F.S.
  - Provide services to older blind clients
    - U.S. Census Bureau identifies Palm Coast and “The Villages” as Micropolitan Statistical Areas
    - Dramatic population increases in elderly 55 years of age and over
    - Provide services to these areas with community based service providers
    - Reduce waiting lists for services and plan for future growth
    - General Revenue Request for Restoration of Nonrecurring Funds of $240K
