Subject: MA in CTE at USF

...

“The University of South Florida in Tampa is accepting applications for the Fall 2012 cohort for our online MA Degree in Career and Technical Education. The attached document contains information on admission requirements and how to apply. The MA in CTE is a two-year, 12 course internet based program with three Saturday meetings in Tampa each year (including initial orientation on a Saturday in August of 2012). We have participants from all areas of CTE at the middle school, high school, technical center and community college levels involved. No GRE score is required! The program is approved through the SREB Academic Common Market for FL in-state tuition in the Southeast. You do not have to be pursuing the MA degree to enroll in the courses required for Local Director of Vocational Education certification. For more information about the program, visit: <http://www.coedu.usf.edu/main/departments/ache/cte/cte.html>

To apply for the program, click on the following link: <https://secure.vzcollegeapp.com/usf/>

You will need to complete the application, submit the application fee of \$30, and send transcripts. In addition, you can send a resume and brief letter of intent to me directly at (ecfletcher@usf.edu).

Please share this email and attachment with those you think might be interested. Contact me if you have any questions about the program.”
