This workshop is available through the state of Florida and is specifically designed to allow teachers from rural counties to participate in certification workshops without having to travel great distances.

This class features a live instructor who is able to answer your questions and provide assistance to teachers during the workshop and while working through exercises.

The certification examination will be administered at the end of the workshop.

Teachers who attend MUST take the exam.

To apply, go to the Perkins PDI website and click on Mini-Grants. The program you teach must be listed on the FL Dept of Education "Technical Skills Attainment Inventory" for your school level.

Helping Florida CTE teachers help students to achieve commercial certifications!
