## **MEMORANDUM**

**TO:** Career and Technical Education Directors  
Technical Center Directors  
Florida College Occupational Deans

**FROM:** Loretta Costin, Interim Chancellor, Division of Career and Adult Education

**SUBJECT:** PSAV Culinary Programs (old and new)

---

This is to inform you that the PSAV Commercial Foods and Culinary Arts program (I200403) and the PSAV Culinary Operations program (V200403) **will** be listed in the 2010-11 Course Code Directory (CCD). Those programs were originally daggered for deletion at the end of 2009-10 but there is a need to maintain those program numbers in the 2010-2011 CCD for a one-year "teach out" period. This will allow currently enrolled students who are receiving financial aid the opportunity to complete the programs without being adversely impacted. No new students should be enrolled in these programs.

Incoming students should be enrolled in the new PSAV Culinary program (Commercial Foods & Culinary Arts – NEW, program #N100500) for 2010-11.

Thank you.
