To assist agencies with the development of the 2022-2023 Perkins V applications, additional training webinars are available. In December, the Division offered two training webinars related to the Comprehensive Local Needs Assessment (CLNA). The first webinar was an overview that looked at the purpose, process, and priorities of the CLNA. The second webinar directly addressed the CLNA-related questions in the Perkins application and the details of the excel spreadsheets required for reporting the CLNA’s results. These recorded webinars are posted on the Perkins CLNA website at <https://www.fldoe.org/academics/career-adult-edu/perkins/clna.stml> under “CLNA Training Modules”.
