SUBJECT: Reopening K-12 Schools

Colleagues,

As you may have heard, yesterday, the Commissioner issued the attached Emergency Order. All K12 schools must open their campuses at least five days a week for all students, subject to the appropriate advice and orders of the Florida Department of Health, the local department of health, Executive Order 20-149 and subsequent executive orders. In addition, schools are to offer the full panoply of services so that families who wish to educate their children on a physical campus may do so. These services include but are not limited to in-person instruction. The order only applies to K12 schools.

I am also attaching the power point that was presented on yesterday's webinar.

For those technical college directors who have submitted their reopening plans, thank you. We have received about 10 of the 48.

Best,

Henry

Henry Mack
