Mr. James Russell, Superintendent
Volusia County School District
P.O. Box 2118
DeLand, Florida 32721

Dear Superintendent Russell:

This letter is to inform you of findings of noncompliance related to Volusia County School District's 2014-15 exceptional student education self-assessment monitoring process, including validation by bureau staff and reassessment by the district. Records were reviewed for Department of Juvenile Justice, Evaluation, Development, Implementation and Secondary Transition. Findings of noncompliance were identified for two areas. Two prongs of corrective action are required: student-specific correction and demonstration of 100 percent compliance. Your district has completed the first prong (the required student-specific correction).

Demonstration of 100 percent compliance (the second prong of correction) must be provided to the bureau no later than January 8, 2016. In order to assist the district to reach 100 percent compliance on all of the targeted standards, a corrective action plan (CAP) must be developed to address the root cause(s) of the noncompliance. This CAP is required to be submitted via the General Supervision Website and must include, at a minimum, (1) a description of activities to be implemented, (2) the resources to be accessed or allocated to implement the plan, and (3) assessment on the targeted standards. This assessment is to be conducted on a sample of records on a monthly basis until 100 percent compliance is achieved. If the second prong of correction is not completed by January 8, 2016, the district's local educational agency (LEA) determination could be affected.

In addition to the self-assessment referenced above, a Matrix of Services review was required. The Volusia County School District was required to review nine matrices for students reported at the 254 or 255 cost factors for weighted funding through the Florida Education Finance Program. A cost factor discrepancy was found in one of those records. Verification of correction was submitted by your school district.
