2022-2023 Exceptional Student Education (ESE) Parent Survey
The 2022-2023 ESE Parent Survey window is **now open**. Each year, the Florida Department of Education (FDOE) surveys parents of students with an individual educational plan (IEP) to determine how well districts and schools are partnering with parents and promoting parent involvement in their student’s education. All states must collect these data for reporting on their State Performance Plan, as required under the Individuals with Disabilities Education Act (IDEA). Additionally, survey results will be used to help schools and districts improve services and results for children with disabilities. The survey is open to all parents of students with an IEP receiving ESE services from preschool age to grade 12. While demographic information must be collected in compliance with federal requirements, individual responses are confidential. Beginning with the 2022-2023 school year, the ESE Parent Survey will only be offered in a web-based format. The survey will be open through **June 30, 2023**. For more information about the 2022-2023 Parent Survey, go to the [ESE Parent Survey web page](#). To access the survey directly, go to the [2023 ESE Parent Survey (English and Spanish)](#) or [2023 ESE Parent Survey (Haitian-Creole)](#). For questions, contact Katie Milazzo, educational program director, Data and Communications, at Katherine.Milazzo1@fldoe.org or 850-245-0475.
