Talented Twenty Program Tip Sheet
for Submitting Data

TRANSCRIPTS

Transcripts may be transmitted each year for the Talented Twenty Program beginning on
February 3, 2023 through March 24, 2023.
➢ Do not wait until the last week to submit transcripts in case there are issues/corrections that
need to be made.
➢ Take into account Spring Break and the March deadline when submitting transcripts.
➢ Be on time. Extending a deadline affects other districts, schools and ultimately the student.

The first point of contact for a high school counselor should always be your district MIS office when
needing assistance.

➢ If submitting multiple transcripts in one day, the system will only process the last transcript
sent.
For example: If a transcript is sent to Talented Twenty (message type=Q20) and then the same transcript is
sent again to Bright Futures (message-type=Q01), the daily batch job will only process the
later transcript which is the Bright Futures transcript.

➢ When sending to Talented Twenty (message type=Q20), the transcript will automatically be
sent to Bright Futures as well.

➢ Transcripts are processed nightly Monday-Thursday at 11:00 pm and Saturday 6:00 pm. If
transcripts are sent after these times, they will be processed the next day. If you do not see a
submitted transcript on the Talented Twenty Program website and you are sure you sent it,
wait to check for it the next day, and/or check for the transcript on the FASTER Aging
Report and the FASTER X01 Error Report. If submission errors are found, correct the errors
and resubmit the transcript. Contact your district Management Information System office for
assistance.

COURSE LISTING TIPS

➢ If the course is not listed, then we did not receive the course in the submitted transcript.
➢ Make sure the course can be used to meet SUS subject area requirements. Some courses
cannot be used.
➢ When submitting courses in progress, the credit attempted must be populated. The grade will
show as ‘IP’ in the course listing.
➢ Virtual courses must be submitted by the district to get credit for a subject area.
➢ The credit attempted and credit earned must be populated so FDOE will know how to count
the credit for the course.
➢ Review the course listing to see if corrections to course information need to be resent in the
transcript.
