1999-2000 Dropout Prevention Program Evaluation

1. Submit a separate format by school for each program in which the student was enrolled for any length of time.
2. TERM: To show the student participated in a dropout prevention program during the regular school year, use code 3 (annual). To indicate summer or intersession (for year round schools) participation, use code S (Combined Summer Sessions). If the student participated in dropout prevention programs during the regular school year and summer school/intersessions, send separate records by Term.
3. Dropout Prevention Length of Prescribed Program: The length in school days of the prescribed dropout prevention program must be greater than zero and less than 181. However, a non-adjudicated delinquent student participating in a youth services program may have a prescribed program length of zero.

The length of the prescribed dropout prevention program is the number of days the student is expected to participate in order to benefit substantially.

4. Dropout Prevention Length of Program Participation: The length in school days of the student's actual participation (attendance) in the dropout prevention program being reported. The length of program participation must be greater than zero and less than or equal to 250. 
-  5. Dropout Prevention Outcomes: Dropout Prevention Outcomes codes are linked to Dropout Prevention Program Participation codes. This means that only a restricted set of outcome codes are allowable for each program code as shown in Chart #1.

7. Dropout Prevention Enrollment Date: The date the student was first enrolled in each dropout prevention program in which he/she participated within each school. If the student was enrolled in more than one program, enrollment dates may vary. Therefore, track the enrollment date for each program within each school.
8. Dropout Prevention Withdrawal Date: The last date the student was officially withdrawn or dismissed from each dropout prevention program within each school. For a student enrolled in multiple programs, withdrawal dates may vary.
9. Number 10, below is applicable only if the student was a participant in a Teenage Parent Program.
10. Teenage Parent Program -- Birth Weight of Child: This is a yes/no (Y/N) indicator as to whether or not a child born to a female Teenage Parent Program participant weighted at least 5 pounds 8 ounces at delivery. Use code "Z" for circumstances which are not applicable, such as: no child born, not a live birth, multiple births wherein all children cannot be classified the same, student entered the program after the second trimester of her pregnancy, or participant was a father. Track this outcome through the end of the appropriate school term.
11. KEY FIELDS: The key fields for this format are item numbers 3-5, 7, 16, 17 and 18.
