**Comprehensive Management Information System
Automated Student Reporting Format**

2000-2001 Student Attendance

1. Submit this format for each PK-12 student who was in membership in any school in the district at any time during the school year or any student who withdrew between school years (including DNE's).
2. A separate format must be submitted for each school and each entry/reentry for any school of enrollment in the district. For students enrolled in a year-round school program, separate records should be submitted for each intersession. Students enrolled in separate summer terms must have two separate records reported. Item numbers 7-14 should be reported as they apply to each school for each entry for which the record is being reported.
3. TERM: To indicate the student entered/reentered during the regular school year, use code 3 (annual). To indicate summer school or intersession (for year-round school) use code S (combined summer schedule). Use code Y to indicate a record being submitted with a withdrawal code for a student who was not enrolled this year.
4. RECORDS WITH TERM CODE = Y: For those records being reported with a Term code of Y, send the last School Number, Current Enrollment for the student in the district. Leave the following fields blank: Entry (Re-Entry) Code, PK-12; Days Present, Annual; Days Absent, Annual; Days Present, Summer Terms; Days Absent, Summer Terms; and Entry (Re-Entry) Date. In addition, use the date of the first day of the district's regular school year for Withdrawal Date.
5. Do not send a record for any student whose School Number, Current Enrollment is N999 (i.e., private school students being served in Exceptional Student Education only), or N998 (home education students taking courses in the district).
6. KEY FIELDS: The key fields for this format are item numbers 1, 2, 3, 4, 5 and 16. If a key field needs to be changed, the record must be deleted and re-submitted as an add.
