

**INTRODUCTION**

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

- If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.
- If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.
- If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

**Summary of revenue/expenditures available for new construction and remodeling projects only.**

# Expenditures

## Expenditure for Maintenance, Repair and Renovation from 1.50-Mills and PECO

Annually, prior to the adoption of the district school budget, each school board must prepare a tentative district facilities work program that includes a schedule of major repair and renovation projects necessary to maintain the educational and ancillary facilities of the district.

**Infrastructure Tracking**

**Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).**

The Baker County School District is in the process of Special Facilities Funding for a new K-5 Elementary School off of State Road 121, south of Macclenny, that began in the 2020-2021 budget year. The District will be required to construct deceleration lanes and turning lanes on SR 121 for entry into the new school. In addition, the District will be required to pave a road to the school, construct parking lots and student drop off and pick up by buses and parents, dig retention ponds, and extend the water and sewage systems to the site.

**Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).**

The new K-5 elementary school approved by DOE is located south of Macclenny on State Road 121. The school will be on the west side of SR-121, south of Southern States Nursery Road and north of Bobbie Sapp Road.

**Consistent with Comp Plan?** Yes

## Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

Not Specified

## School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

The District plans to use J. Franklin Keller Intermediate School as an adult facility/vocational technical center. Many of the older buildings will need to be demolished, as evidenced by the Castaldi study conducted several years ago. The newer buildings will remain.
