

INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

- If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.
- If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.
- If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

Summary of revenue/expenditures available for new construction and remodeling projects only.

Expenditures

Expenditure for Maintenance, Repair and Renovation from 1.50-Mills and PECO

Annually, prior to the adoption of the district school budget, each school board must prepare a tentative district facilities work program that includes a schedule of major repair and renovation projects necessary to maintain the educational and ancillary facilities of the district.

Revenue

1.50 Mill Revenue Source

Schedule of Estimated Capital Outlay Revenue from each currently approved source which is estimated to be available for expenditures on the projects included in the tentative district facilities work program. All amounts are NET after considering carryover balances, interest earned, new COP's, 1011.14 and 1011.15 loans, etc. Districts cannot use 1.5-Mill funds for salaries except for those explicitly associated with maintenance/repair projects. (1011.71 (5), F.S.)

Infrastructure Tracking

Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).

Proposed infrastructure listed below are various multimodal projects within the County. They are not necessary offsite infrastructure requirements resulting from expansions of existing facilities or the addition of new schools.

Zephyrhills High School (Road widening and addition of sidewalk and Bike/pedestrian path on County Road 54)
 -Road widening from U.S. Highway 301 to 30th Street
 -Design complete, construction in FY 20/21. Construction to start early 2021.

Anclote High School and Paul R. Smith Middle School (multi-use trail construction)
 -construction of the Coastal-Anclote Trail on the west side of Sweetbriar Drive from Anclote Boulevard to Baillies Bluff Road
 -Construction underway, completion in the Fall of 2020

20th Street Sidewalk from Henry Drive to CR 54
 -Design completed in FY 17/18.
 -Project is under construction.

Sweet Bay Court Sidewalk (Cypress Elementary School) (SRTS Project)
 -Provides missing sidewalk on the east side of Sweet Bay Court from Tanglewood Drive to Cypress ES.
 -Project construction completed in FY 2020.
 -Safe Routes To School (SFTS) Project, funded by Florida Department Of Transportation (FDOT).

Ballantrae Blvd Sidewalk (Bexley Elementary School) - NEW
 -Project will fill in missing sidewalk gaps from north of Straton Place to Tower Road
 -Design in FY 2024.
 -SRTS Project, funded by FDOT.

Fort King Road (17th Street) Sidewalk (Pasco ES, MS and HS)
 -New sidewalk on east side of Fort King Road from Hester to north of Coleman Ave.
 -Design in FY 2024.
 -SRTS Project, funded by FDOT.

Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).

New K-8 school located in the the Starkey Ranch development in west Pasco County
 New technical high school located on Handcart Road in east Pasco County
 New 6-12 STEM Academy in Central Pasco
 New K-8 in Wesley Chapel

Consistent with Comp Plan? Yes

Failed Standard Relocatable Tracking

Relocatable units currently reported by school, from FISH, and the number of relocatable units identified as 'Failed Standards'.

Planning

Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

In conjunction with the opening of a new K-8 magnet school next school year, the School Board will be conducting a redistricting this school year. The attendance zone for this school will be minimal with the rest of the seats being filled by magnet school application. This redistricting and magnet will move elementary and middle school students from overcrowded schools into the new school.

Two new charter schools opened this school year in the Wesley Chapel area. This has reduced the need for permanent student stations in this area as students from both under-crowded and overcrowded traditional schools and other charter schools migrated to these new charter schools. The School District is currently reviewing other charter school applications.

A new technical high school will be opening on the east side of the county in two years. This school will draw students from currently overcrowded high schools and reduce the need for permanent student stations.

A new 6-12 magnet academy is scheduled to open in the central part of the county in three years. This school will provide additional student stations for anticipated growth and also draw students from overcrowded middle and high schools in the area.

A new K-8 magnet school is planned to open on the east side of the county in four years to accommodate continued growth in that area and reduce the need for traditional permanent seats in multiple other areas.

School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

The School District closed Hudson Elementary School beginning with the 2020-2021 School Year and consolidated those students with Gulf Highlands Elementary and Northwest Elementary Schools. The closed Hudson Elementary School campus is currently being used as swing space while Northwest Elementary School is being remodeled. After this year, the School District will look to re-purpose Hudson Elementary School or dispose of the facility for revenue that will be reinvested into our educational programs.

Also this year, the School District sold an excess parcel of land off of the Cypress Creek Middle and High school campus for the purpose of a new electric substation. The campus will benefit from a dedicated power line to the school and the revenue from this sale will be reinvested into our educational programs.

In addition, we continue to consider consolidation of a couple of our other under-enrolled facilities. We are also looking to dispose of the vacant Trilby Education Center and a couple of other vacant parcels. Any expected revenue from these sites will be reinvested into our educational programs.
