

INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.
 If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.
 If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

Summary of revenue/expenditures available for new construction and remodeling projects only.

Infrastructure Tracking

Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).

Not Specified

Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).

New K-8 school is currently under construction at 2535 Elkhart Drive, Gulf Breeze, FL 32583

New K-8 school to be located on the parcel adjacent to the north side of Berryhill Elementary.

New high school to be located in the south end of the county.

New high school to be located in the Milton/Pace area.

Consistent with Comp Plan? Yes

Net New Classrooms

The number of classrooms, by grade level and type of construction, that were added during the last fiscal year.

List the net new classrooms added in the 2018 - 2019 fiscal year.					List the net new classrooms to be added in the 2019 - 2020 fiscal year.			
"Classrooms" is defined as capacity carrying classrooms that are added to increase capacity to enable the district to meet the Class Size Amendment.					Totals for fiscal year 2019 - 2020 should match totals in Section 15A.

Planning

Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

The need for permanent student stations is critical at this time. The District is building a new K-8 school in the south end of the county and has started planning a new K-8 school in the Milton/Pace area of the County. The District is actively seeking property to purchase for future high schools in the south end and the Milton/Pace area of the County. In the meantime, the District will lease relocatables and redistrict as needed.

School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

On January 21, 2016 the School Board approved a Castaldi Analysis with recommendation for the Berryhill Administrative Complex to be replaced. The building has been vacated. On November 14, 2019 the School Board accepted an offer for the sale of this property.

Long Range Planning

Ten-Year Maintenance

District projects and locations regarding the projected need for major renovation, repair, and maintenance projects within the district in years 6-10 beyond the projects plans detailed in the five years covered by the work plan.

Project	2023 - 2024 / 2028 - 2029 Projected Cost
Expand chiller/HVAC renovations to entire campus	\$3,000,000
Retrofit entire campus with chiller plant/HVAC renovations	\$10,000,000
	\$13,000,000

Ten-Year Capacity

Schedule of capital outlay projects projected to ensure the availability of satisfactory student stations for the projected student enrollment in K-12 programs for the future 5 years beyond the 5-year district facilities work program.

Project	Location, Community, Quadrant or other general location	2023 - 2024 / 2028 - 2029 Projected Cost
Continue to evaluate capacity at all levels. Purchase property for new schools to meet the needs of continued growth.	North of Pace	\$5,000,000
New middle School	South end of county	\$35,000,000
		\$40,000,000
