

6A-10.030 Uniform ~~Other Assessment Procedures for~~ College-Level Communication and Computation Skills.

(1) In addition to assessments that may be adopted by the State Board of Education or Board of Governors to measure student achievement in college-level communication and computation skills, other uniform assessment requirements in accordance with section (s.) 1001.02, F.S., shall be met by successful completion of coursework in English and mathematics. For the purposes of this rule, a grade of C or higher shall be considered successful completion.

(2) Prior to receipt of an Associate of Arts degree from a public Florida College System institution ~~or university~~ or prior to entry into the upper division of a public university or college, a student shall complete successfully the following:

(a) No change.

(b) Six (6) semester hours of mathematics coursework at the level of college algebra or higher, which can include applied logic, statistics and other such computation coursework. For the purposes of this rule, mathematics courses included in the Mathematical Thinking in Context pathway established pursuant to s. Section 1007.23(3), F.S., and identified in the Mathematics Pathways List as incorporated in subsection 6A-10.024(16), Florida Administrative Code (F.A.C.), may be used to fulfill the six (6) hours required by this section.

(c) No change.

(3) A course taken to satisfy the requirements of paragraphs (2)(a) and (2)(b) of this rule must meet the requirements for general education core courses described in s. 1007.25(3)(c), F.S.

(4) (3) No change.
