2026-27 CAPE Industry Certification Funding List
Rule 6A-6.0576, F.A.C. - Effective October 2026

NOTES ABOUT FUNDING ELIGIBILITY:

(1) Earning INTUT002 is required for INTUT003. If a student earns both, only one of the certifications are fundable. If a student intends to earn the higher level INTUT003 certification, the district may delay reporting until the second exam is passed. If INTUT002 is funded in one fiscal year, INTUT003 is not fundable in a future year.

For TOSA credentials with advanced and expert performance levels approved for K-12 funding eligibility, a student will only be funded for the first performance level achieved. If the advanced level is funded in one fiscal year, the expert level is not fundable in a future year.

(2) The grade level recommendations with asterisk are scheduled for a phased in approach to one grade lower for the 2026-27 academic year.
