Tallahassee, FL 32399-0950

Ron DeSantis, Governor
Pedro Allende, Secretary

To: Florida College System Presidents
From: Florida Department of Management Services
Date: May 16, 2025
Subject: State of Florida Internship Opportunities

The Florida Department of Management Services (DMS) is pleased to announce the launch of a centralized internship webpage designed to pair current students and recent graduates with invaluable internships with Florida's state government.

Opportunities for real world experience and student growth exist within Florida's 35 state agencies. This exclusive webpage will be hosted on the State of Florida jobs website, managed by DMS and in collaboration with participating state agencies.

Internship opportunities will be representative of activities that occur at all agencies, e.g., cybersecurity, human resources, legal, and communications. Students and recent graduates can review and are encouraged to apply to internships that align with their interests and skillsets by:

- visiting jobs.myflorida.com
- selecting "Internships" from the top banner
- reviewing available opportunities
- following the prompts to apply

We encourage you to forward this information to the appropriate contact within your institution.

If you have any questions, please email the Division of State Human Resource Management at HRMWorkforceEmploymentPrograms@dms.myflorida.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Pedro Allende".

Pedro Allende
Secretary
Florida Department of Management Services
