Sample Activities

Strand: Communications and Understanding for ELLs (CU)

Standard	Performance Indicator	Sample Activities
CU.1: Learning of Academic Content and Language for ELLs	CU.1.1 Provide instruction and experiences that meet individual student needs. <i>Clarification 1:</i> Instruction includes analyzing folktales, idiomatic expressions (e.g., “raining cats and dogs,” “a piece of cake”), or understanding the U.S. customary system alongside the metric system.	• Compare U.S. customary and metric systems through hands-on classroom measurement. • Teach idiomatic expressions with card games, matching activities and role-play skits.

Sample Activities, continued

Strand: Applied Linguistics (AL)

Standard	Performance Indicator	Sample Activities
AL.1: Language as a System	AL.1.1 Demonstrate understanding of the components of the English language: phonology, morphology, syntax, semantics and pragmatics.	• Teach phonics explicitly using minimal pairs. • Break down vocabulary into roots, prefixes and suffixes. • Give students jumbled word cards and have them form grammatically correct sentences using subject-verb-object (SVO) order.

Sample Activities, continued

Strand: Methods of Teaching ESOL (MT)

Standard	Performance Indicator	Sample Activities
MT.3: Standards-Based ESOL and Content Instruction	MT.3.4 Use Florida's English Language Development (ELD) Standards to plan lessons that combine academic content with language objectives.	Plan lessons that integrate content standards with Florida's ELD Standards. Example: Content Standard (SC.8.L.18.4): Cite evidence that living systems follow the Laws of Conservation of Mass and Energy. ELD Standard (ELD-SC.6-8.Explain): ELLs will construct scientific explanations that describe valid and reliable evidence. Overview: Students explain how chemosynthetic bacteria enable organisms to access energy. The lesson emphasizes language features to describe scientific processes, supporting both language and content mastery.

Sample Activities, continued

Strand: ESOL Curriculum and Materials Development (CM)

Standard	Performance Indicator	Sample Activities
CM.1: Planning for Standards-Based Instruction for ELLs	CM.1.1 Plan for benchmarks-aligned and linguistically appropriate instruction to create a student-centered learning environment. <i>Clarification 1:</i> Instructional approaches include explicit, systematic, differentiated, scaffolded and tiered instruction.	• Design reading lessons with visuals and sentence frames for beginners, guided practice for intermediates, and independent analysis for advanced students. • Create tiered writing prompts (e.g., narrative) with supports like word banks, sentence starters, etc. • Use scaffolded questioning, e.g., beginners give yes/no or short responses, advanced students explain their ideas in full sentences.

Sample Activities, continued

Strand: Testing and Evaluation of ESOL (TE)

Standard	Performance Indicator	Sample Activities
TE.1: Key Factors and Considerations in Assessment for ELLs	TE.1.1 Identify appropriate accommodations for assessments and progress monitoring tools to evaluate ELLs. <i>Clarification 1:</i> Instructional accommodations include using bilingual dictionaries, glossaries and other supports.	• Provide bilingual dictionaries or glossaries during instruction or assessments. • Allow additional time or breaks during assessments. • Use rubrics and checklists tailored to varying English proficiency levels to measure progress in the four language domains. • Collect student language portfolios (journals, recordings, projects) to monitor growth across the four domains.
