Contents of FETPIP's Annual Outcomes Report

The findings for each education or training application that worked with the FETPIP program is represented on a one page report. Each report page is divided into seven primary sets of data types. These are Total Individuals, Total with Outcome Data, Florida Employment Data, Earnings by Level, Federal Employment Data, Florida Continuing Education Data, Receiving Public Assistance, and Florida Department of Corrections Data. The following notes describe the content of each of the major categories including several subcategories of data elements. The notes are keyed to alphanumeric identifiers on the sample report on the preceding page. Please note that data cells with small numbers have been suppressed and replaced by asterisks for confidentiality purposes, in compliance with Florida Statute Section 1008.39.

Note: (****) = group or subgroup value is fewer than 10, but greater than 0 (values 1-9), (-) = subgroup value is equal to 0 and cohort is greater than 0, and (N/A) = data is unavailable.

The FETPIP Process

The Florida Education and Training Placement Information Program (FETPIP) is part of the Division of Accountability, Research and Measurement (ARM) of the Florida Department of Education. FETPIP is an interagency data collection and consumer reporting system established by s. 1008.39, F.S., to provide follow-up data on former students and program participants who have graduated, exited or completed a public education or training program within the State of Florida. The statute requires all elements of Florida's workforce development system to use information provided through FETPIP for any project they may conduct requiring automated matching of administrative records for follow-up purposes.

FETPIP provides follow-up data collection services for all public school high school graduates and dropouts, community college four-year degree, associate degree and vocational students, secondary and postsecondary vocational students, state university system graduates, adult education and General Education Diploma (GED) students, and a select number of private vocational schools, colleges and universities. Additionally, participants of Workforce Innovation and Opportunity Act programs (formerly WIA), Welfare Transition, Vocational Rehabilitation, apprenticeship, Unemployment Insurance claimants, certain longitudinal collections, and others are included. Data is collected annually or quarterly depending on the needs of the program.

FETPIP links records from several different state and federal administrative databases (listed below) to develop aggregate statistics that describe the employment, incarceration, public assistance participation and continuing education experience of student groups or participants after graduation or exiting an education or training program. The aggregate data are used to produce outcome performance measures that are intended to assist in evaluating the success of educational programs.

- **Florida Department of Corrections:** The data represent individuals incarcerated in the state's prisons or who are under the supervision of the Department of Corrections.
- **Florida Department of Economic Opportunity:** The data include the employer's name, address, and North American Industry Classification System (NAICS) code, the total number of employees in that establishment for the reporting period, and their reported earnings for the period. The files that are accessed here are a part of the wage report system that is used to manage the state Unemployment Compensation program. These wage records are taken from the fourth quarter (October - December) employer payrolls throughout Florida.
- **Florida Department of Education:** The data include fall and preliminary winter enrollment records from four separate Management Information System units to determine students who are continuing their education in a postsecondary environment. These four units include the Florida College System and the District Public Schools within the Florida Department of Education, the State University System from the Board of Governors, and the Independent Colleges and Universities of Florida.
- **U.S. Office of Personnel Management:** The data indicate former students/trainees employed by the federal government.

FETPIP produces a variety of reports to the organizations that provide data for outcomes. A more detailed account of reporting procedures and data availability can be found on the FETPIP website, <http://www.fldoe.org/accountability/fl-edu-training-placement-info-program/index.stml>. A web-based interactive tool that provides the ability to produce custom reports was implemented this year and can be accessed at <https://edstats.fldoe.org>.
