Contents of FETPIP's Annual Outcomes Report

The findings for each education or training application that worked with the FETPIP program is represented on a one page report. Each report page is divided into seven primary sets of data types. These are Total Individuals, Total with Outcome Data, Florida Employment Data, Earnings by Level, Federal Employment Data, Florida Continuing Education Data, Receiving Public Assistance and Florida Department of Corrections Data. The following notes describe the content of each of the major categories including several subcategories of data elements. The notes are keyed to alphanumeric identifiers on the sample report on the preceding page. Please note that data cells with small numbers have been suppressed and replaced by asterisks for confidentiality purposes, in compliance with Florida Statute Section 1008.39.

Note: (****) = group or subgroup value is fewer than 10, but greater than 0 (values 1-9), (-) = subgroup value is equal to 0 and cohort is greater than 0, and (N/A) = data is unavailable. All Florida Employment Data is annualized.

The FETPIP Process

The Florida Education and Training Placement Information Program (FETPIP) is part of the Florida Department of Education's Division of Technology and Innovation. FETPIP is an interagency data collection and consumer reporting system established by section 1008.39, Florida Statutes, to provide follow-up data on former students and program participants who have graduated, exited, or completed an educational or training program within the state of Florida. The statute requires all elements of Florida's workforce development system to use information provided through FETPIP for any project they may conduct requiring automated matching of administrative records for follow-up purposes.

FETPIP provides follow-up data collection services for all of Florida's public high school graduates and dropouts, secondary and postsecondary vocational students, adult education and GED® students, Florida College System four-year degree, associate degree and vocational students, State University System graduates, and students from a select number of private vocational schools, colleges, and universities. Additionally, participants of Workforce Innovation and Opportunity Act programs, Welfare Transition, Vocational Rehabilitation, Apprenticeship, Unemployment Insurance claimants, certain longitudinal collections, and others are included. Data is collected annually or quarterly depending on the needs of the program.

FETPIP utilizes data from several different state and federal sources to develop data and reports that describe outcomes based on employment, incarceration, public assistance participation, and continuing education experiences student groups or participants after either graduating from or otherwise exiting an education or training program. The aggregate data are used to produce outcome performance measures that are intended to assist in evaluating the educational program success.

- **Florida Department of Corrections:** The data represent individuals incarcerated in the state's prisons or who are under the supervision of the Department of Corrections.
- **Florida Department of Economic Opportunity and Florida Department of Revenue:** The data include the employer's name, address, and North American Industry Classification System (NAICS) code, the total number of employees in that establishment for the reporting period, and their reported earnings for the period. The files that are accessed here are a part of the wage report system that is used to manage the state Unemployment Compensation program. These wage records are taken from the fourth quarter (October - December) employer payrolls throughout Florida.
- **Florida Department of Education:** The data include enrollment and completion records from several partners to determine students who are continuing their education in a postsecondary environment. These partners include FLEDOE's Community Colleges and Technical Centers Management Information Systems for Florida College System and district postsecondary data, FLDOE's Office of School Support for secondary data, the Florida Board of Governors for State University System data, each of the 30 institutions that comprise the Independent Colleges and Universities of Florida, and the Commission for Independent Education for other private university, college, and vocational school data.

FETPIP produces a variety of reports to the organizations that provide data for outcomes. A more detailed account of reporting procedures and data availability can be found on the FETPIP website, <https://www.fldoe.org/accountability/fl-edu-training-placement-info-program/index.html>.
