Informational Items

List of Providers for School District Virtual Instruction Programs (VIP)

The Florida Department of Education (FDOE) has issued a memorandum regarding the [list of providers for school district VIP](#). See the memo for more information.

2023-24 Voluntary Prekindergarten (VPK) Program Accountability

FDOE has issued a memorandum regarding [VPK program accountability](#). See the memo for more information.

Best Practices for Inclusive Education (BPIE) Assessment for Students with Disabilities (SWDs) Reminder

The BPIE assessment is an internal process designed to facilitate the analysis, implementation and improvement practices for SWDs who are served in regular classes. Section 1003.57, Florida Statutes, requires that once every three years, each school district and school complete a BPIE assessment. Florida Inclusion Network (FIN) facilitators are required to assist school districts in this process. The results of this process must be included in each school district's ESE policies and procedures. School BPIE assessments should be completed prior to the end of the school year. For more information regarding the completion of school BPIE assessments in your district, contact FIN, an IDEA-funded state project, at lsi-finadmin@fsu.edu, or a local FIN facilitator at [About Us–FIN](#) or [Directory–FIN](#). For additional information, visit the [School BPIE Admin](#) web page.

Tip of the Week

Be Flexible When Teen Changes Mind About Postsecondary Plan

It is not unusual for a teen with a disability to want to host a podcast or become a YouTuber one day, and go to college the next. A transition plan should be dynamic, not static. Ask questions and investigate further into a teen's interests when the teen's mind changes about postsecondary pursuits. ([Special Ed Connection](#)[®])
