The 2025-26 Exceptional Student Education (ESE) Parent Survey is Open

The 2025-26 ESE Parent Survey is active and will remain open throughout the 2025-26 school year. Submissions are processed in real time and results can be viewed through the [FDOE Parent Survey](#) dashboard. We invite all parents and guardians to share their feedback and help shape the future of the ESE program. Parents should complete the [electronic ESE Parent Survey](#), which is available in 10 languages, or the paper-based ESE Parent Survey, whichever is most convenient for them. Note that the paper-based version of the 2025-26 ESE Parent Survey is attached and the Spanish and Haitian Creole versions can be found at [ESE Parent Survey](#).

The survey is open to parents of children with an individual educational plan (IEP) receiving ESE services from preschool to grade 12 (excluding gifted services). Students with disabilities ages 18 and up are also encouraged to participate. Quick and easy to complete, the ESE Parent Survey helps ensure districts meet their 2025-26 target response rates. See the attached ESE Parent Survey flyers (including Spanish and Haitian Creole) and share them in your schools, with teachers and during IEP team meetings.

Tips for Building Stronger Programs for Students with Visual Impairments and Multiple Disabilities Through Special Skills Standards and the Expanded Core Curriculum

For students who are blind or have low vision and also have complex learning needs, a collaborative educational team is essential. Teachers of students with visual impairments and orientation and mobility specialists are key team members who help identify each student's most effective sensory learning channels, support access to instruction, and address IEP goals through direct service, collaboration, and consultation. To view Florida's State Academic Standards – Special Skills, go to [Rule 6A-1.09401\(k\), F.A.C.](#) If you have any questions or need assistance, contact the Florida Instructional Materials Center for the Visually Impaired at information@fimcvi.org.

Learning Ally Summer Reading

Learning Ally summer reading has launched. Make sure parents have the information they need to log students into the Learning Ally platform, which is available in the following languages:

- [Parent information for logging into Learning Ally \(English\)](#)
- [Parent information for logging into Learning Ally \(Spanish\)](#)
- [Parent information for logging into Learning Ally \(Haitian Creole\)](#)

Check out our page [Summer Reading Together](#) (SRT) for activities and book suggestions to support parents and students. Feel free to send home the following Florida-approved SRT packets:

- [Florida SRT26 Elementary School Packet](#)
- [Florida SRT26 Middle School Packet](#)
- [Florida SRT26 High School Packet](#)

For questions, contact Dr. Martaluz Pozo at mpozo@learningally.org.

Resiliency Florida Characteristic of the Month—Responsible Decision-Making

Starting in the 2019-20 school year, every Florida public school was required to annually provide children in grades 6-12 at least five hours of mental health instruction. This mental health instruction is now referred to as Resiliency Education, Civic and Character Education and Life Skills Education. The Resiliency Florida initiative for Florida schools was launched in February 2021 to emphasize 11 Resiliency characteristics to empower students to persevere and overcome life's inevitable challenges. Visit the [Resiliency Florida](#) website for more information and additional resources.

May's featured characteristic is Responsible Decision-Making, which means gathering information to think through and determine the best solution. Visit the following web pages for grade-specific parent and teacher resources pertaining to Responsible Decision-Making:

Tip of the Week

Pair Teachers to Improve Classroom Management

If a general educator is struggling with classroom management in an inclusive classroom, give her time to observe a more experienced special or general educator using positive behavioral interventions and supports in class. Just make it clear that this is for assistance, not evaluation.
