Assurances

The Florida Department of Education (FDOE) has developed and implemented a document entitled **General Terms, Assurances and Conditions for Participation in Federal and State Programs** to comply with:

2 Code of Federal Regulations (C.F.R.) 200, Uniform Grant Guidance (UGG) requiring agencies to submit a common assurance for participation in Federal programs funded by the United States Education Department (USED); applicable regulations of other Federal agencies; and State regulations and laws pertaining to the expenditure of State funds.

In order to receive funding, **applicants must have on file with FDOE, Office of the Comptroller, a signed statement by the agency head certifying applicant adherence to these General Assurances for Participation in State and Federal Programs.** The complete text may be found in Section D of the Green Book.

School Districts, Community Colleges, Universities, and State Agencies

The certification of adherence, currently on file with the FDOE Comptroller's Office, shall remain in effect indefinitely. The certification does not need to be resubmitted with this application, unless a change occurs in Federal or State law, or there are other changes in circumstances affecting a term, assurance or condition.

Private Colleges, Community-Based Organizations and Other Agencies

In order to complete requirements for funding, applicants of this type must certify adherence to the General Assurances for Participation in State and Federal Programs by submitting the certification of adherence page, signed by the agency head with each application.

Note: The UGG combines and codifies the requirements of eight Office of Management and Budget (OMB) Circulars: A-89, A-102 (former 34 C.F.R. Part 80), A-110 (former 34 C.F.R. Part 74), A-21, A-87, A-122, A-133, A-50. For FDOE, this means the requirements in EDGAR Parts 74 and 80 have also been subsumed under the UGG. The final rule implementing the UGG was

published in the Federal Register on December 19, 2014, and became effective for new and continuation awards issued on or after December 26, 2014.

Technical assistance documents and other materials related to the UGG, including frequently asked questions and webinar recordings are available at The Chief Financial Officers Council website at <https://cfo.gov/cofar>.

Risk Analysis

Every agency must complete a Risk Analysis form. The appropriate DOE 610 or DOE 620 form will be required prior to a project award being issued. The Risk Analysis must be submitted with the application. If an agency is submitting applications for multiple programs, only one Risk Analysis is required.

School Districts, State Colleges, and State Universities and State Agencies must use the DOE 610 form. Once submitted and approved, the risk analysis will remain in effect unless changes are required by changes in Federal or State law, changes in the circumstances affecting the financial and administrative capabilities of the agency or requested by the Department. A change in the agency head or the agency's head of financial management requires an amendment to the form. The DOE 610 form may be found at <http://www.fldoe.org/core/fileparse.php/5625/urlt/doe610.xls>.

Governmental and Non-Governmental Entities must use the DOE 620 form. The DOE 620 form is required to be submitted each state fiscal year (July 1-June 30) prior to a Project Award being issued for that agency. An amendment is required if significant changes in circumstances in the management and operation of the agency occurs during the state fiscal year after the form has been submitted. The appropriate Risk Analysis form may be found at <https://www.fldoe.org/core/fileparse.php/5625/urlt/doe620.xlsx>.

Grants Management Training

Non-public entities are required to take the Grants Fiscal Management Training and Assessment annually. The agency head and/or the agency's chief financial manager (CFO) must complete this training within 60 days of the date of execution (Block 12) on the DOE 200 form, Project Award Notification. Training and assessment can be found at <https://portal.fldoeso.org/PORTAL/Sign-On/SSO-Home.aspx>.

Non-participation in the training program may result in termination of payment(s) until training is completed.

Funding Method

Federal Cash Advance (Public Entities only as authorized by FDOE)

Federal cash advances will be made by State warrant or electronic funds transfer (EFT) to a recipient or subrecipient for disbursements. For Federal-funded programs, requests for federal cash advance must be made through FDOE's Florida Grants System (FLAGS). In accordance with federal regulations outlined in the Cash Management Improvement Act (CMIA), cash should be requested no more than three business days from the anticipated date of disbursement. Supporting documentation for expenditures should be kept on file at the program. Examples of such documentation include, but are not limited to, payroll records, contracts, invoices with check numbers verifying payment and/or bank statements – all or any of these items must be available upon request.

Reimbursement with Performance

Payment is rendered upon submission of documented allowable disbursements, plus documentation of completion of specified performance objectives.

Fiscal Records Requirements and Documentation

Applicants must complete a Budget Narrative form, DOE101S. Budget pages must be completed to provide sufficient information to enable FDOE reviewers to understand the nature and reason for the line item cost.

All accounts, records, and other supporting documentation pertaining to costs incurred shall be maintained by the recipient for five years. Supporting documentation for expenditures is required for all funding methods. Examples of such documentation include, but are not limited to, invoices with check numbers verifying payment, bank statements, time and effort logs for staff, and/or salary/benefits schedules for staff. All must be available upon request.

Funded programs and any amendments are subject to the procedures outlined in the FDOE Project Application and Amendment Procedures for Federal and State Programs (Green Book) and the General Assurances for Participation in Federal and State Programs, which may be found at <http://www.fldoe.org/finance/contracts-grants-procurement/grants-management/project-application-amendment-procedur.stml>.

Budgeted items must correlate with the narrative portion of the project application that describes the specific activities, tasks and deliverables to be implemented.

To report expenditures, all project recipients must submit a completed DOE 399 form, Final Project Disbursement Report by the dates specified on the DOE 200 form, Project Award Notification.

Financial Consequences

The grant manager shall periodically review the progress made on the activities and deliverables listed. If the sub-recipient fails to meet and comply with the activities/deliverables established in the grant or to make appropriate progress on the activities and/or towards the deliverables and they are not resolved within two weeks of notification, the grant manager may approve a reduced payment or request the sub-recipient redo the work or terminate the grant. The grant manager must assess one or more of these consequences based on the severity of the failure to perform and the impact of such failure on the ability of the sub-recipient to meet the timely and desired results. These financial consequences shall not be considered penalties.

Allowable Expenses:

Program funds must be used solely for activities that directly support the accomplishment of the program purpose, priorities and expected outcomes during the program period. All expenditures must be consistent with the approved application, as well as applicable Federal and State laws, regulations and guidance. Allowable expenditures may include costs associated with employing appropriate staff for administering the project, office materials and supplies and other relevant costs associated with the administration of the project, including meeting room rentals, consultant fees, printing, etc.

Expenses for personal digital assistants (PDA), cell phones, smart phones and similar devices, including the service costs to support such devices may be allowable, with FDOE prior approval. Applicants will need to describe and justify the need for such devices, identify the amount that will be applicable to the project and how the device will be kept secure.

Unallowable Expenses:

Unless otherwise specifically authorized herein, sub-recipient shall not convey anything of value, including but not limited to gifts, loans, rewards, favors or services, directly to any agent, employee or representative of FDOE, and shall promptly notify FDOE in the event that an agent, employee or representative of FDOE attempts to solicit the same.

Administrative Costs including Indirect Costs

School Districts

FDOE has been given the authority by USED to negotiate indirect cost proposals and to approve indirect cost rates for school districts. School districts are not required to develop an indirect cost proposal, but if they fail to do so, they will not be allowed to recover any indirect costs. Amounts from zero to the maximum negotiated rate may be approved for a program by FDOE's Comptroller. **Indirect costs shall only apply to Federal programs.** Additional information and forms are available at www.fldoe.org/finance/comptroller/.

State Agencies, Public Universities, State Colleges, Community-Based and Faith-Based Organizations

FDOE will allow other state agencies, state universities and state colleges to charge an indirect cost (administrative and/or overhead) up to 8 percent or the recipient's rate approved by the appropriate cognizant agency, whichever is lower. This rate may be charged on the total direct costs disbursed less the amounts of subcontracts in excess of \$50,000, stipends, tuition and related fees, and for items of equipment, alterations, renovations and flow-through funds ("pass through" to another entity) on programs issued by FDOE. This rate is intended to be all-encompassing of typical administrative and overhead costs, including, but not limited to, rental of office space, costs for bookkeeping and accounting services, and utilities. In the alternative, FDOE will approve an indirect cost rate of 8 percent plus the direct charges for typical administrative and overhead costs such as rental of office space when such costs can be directly and appropriately allocated to the program.

Indirect costs shall only apply to Federal programs.

Chapter 1010.06 Florida Statute (F.S.) Indirect cost limitation – State funds appropriated by the Legislature to the Division of Public Schools (DPS) within FDOE may not be used to pay indirect costs to a university, state university, school district or any other entity.

Narrative Section

Scope of Work/Narrative

The 21st CCLC requirements are based on the Elementary and Secondary Education Act (ESEA), as amended, Title IV, Part B; the State of Florida Application to USED; and other applicable requirements.

Applicants should review the Request for Proposal (RFP) under which their application was originally awarded to determine program requirements and guidance for implementation. No information provided in this RFA is intended to allow a reduction of services.

At a minimum, the program must maintain the operations and adult family member services schedule as approved in the original application. The department reserves the right to request changes based on results of the program's performance.

All subrecipients must implement the project as awarded in the year in which it was competitively awarded. Any revisions must be documented using the Continuous Improvement Form provided by the department and submitted at the time of application.

Evaluation Plan

A strong evaluation plan helps ensure 21st CCLC programs make continuous progress towards achieving goals and objectives for participating students and adult family members.

The elements required to be collected for the federal program include participation, demographics, student growth on state assessments for all participating students, grade point average data for enrolled secondary students in selected grades, school day attendance data for enrolled students in selected grades, in-school suspension data for secondary students and student engagement data for all enrolled students.

Applicants will be required to engage in periodic progress monitoring throughout the school year that measures progress toward the reporting of the federal measures. Applicants awarded under this RFA are subject to revisions of their evaluation plans based on the revision of federal requirements.

Site Profile Worksheet

Updated operations schedules and related activities must be documented by completing a new site profile worksheet for each site operated by the applicant. All site profile worksheets must be submitted at the time of application.

Budget

Subrecipients must comply with the procurement rules and regulations of the State of Florida and the procurement policies of their agency. When a conflict exists between the state and the agency requirement, the more restrictive requirement governs. All contracted services procured with federal funds are subject to the terms of the Common Federal Programs Guidance issued by the FDOE.

The Budget Narrative must include a thorough description of each expense as well as a funding formula that details how the line-item total was derived.

General and Administrative Costs

Administrative costs are costs that cannot be identified with any single program (e.g., 21st CCLC) but are indispensable to conducting agency activities and to the organization's survival. The Florida Department of Education recognizes that allowable general and administrative costs (G & A) are essential and legitimate costs of provider agencies. The administrative costs of the provider represent costs which are incurred for common or joint objectives in providing services. Such costs are distributed to all provider programs on an allocation basis; that is, a fair share of expenses is distributed to each service program. G & A costs may include: provider programs on an allocation basis; that is, a fair share of expenses is distributed to each service program. G & A costs may include:

- Salaries and wages plus applicable fringe benefits for staff engaging in administrative duties.
- Audit costs.
- Legal fees.
- Equipment associated with administrative tasks or positions.
- Office supplies, postage, communications, travel and other general office costs associated with administrative tasks.
- Maintenance and housekeeping costs incurred through salaries and wages plus fringe benefits or through a contract for the administrative offices.
- Facility costs, such as depreciation, rental of space, maintenance and repair, utilities and property insurance if approved by FDOE.
- Liability insurance.
- Any other cost associated with administrative activities or tasks.

The fiscal and administrative management requirements for 21st CCLC programs are defined by Uniform Grant Guidance, the FDOE Green Book and other applicable federal, state, and local regulations. The organizations funded through this RFA are designated as subrecipients of federal funds.

Supporting documentation for expenditures is required for all funding methods. Examples of such documentation include, but are not limited to payroll records, contracts, invoices with check numbers verifying payment, and/or bank statements, all or any of which must be available upon request.

Failure to submit fiscal reports in the timeframes stipulated renders the program out of compliance and may result in early termination and ineligibility for future funding.

Funded programs and any amendments are subject to the procedures outlined in the FDOE Green Book and the General Assurances for Participation in Federal and State Programs, which may be found at www.fldoe.org/grants/greenbook/.

Administrative and Indirect Cost Percentage

Administrative costs are capped at **10 percent of the award amount**. Administrative costs include both indirect costs and general administrative costs. For example, a \$200,000 program could spend up to \$20,000 on the administration of the program.

Program Evaluation Costs

21st CCLC projects must complete an evaluation of the program. Projects have the option to contract evaluation services to an independent external evaluator or may choose to complete evaluation services internally.

Evaluation costs are capped at **3 percent of the award amount**. Evaluation costs include the costs associated with the evaluation of the program including the cost of the purchase of assessment tools, evaluation and assessment trainings, data collection activities, recording and maintenance of data, report writing and any other activities related to the evaluation of the 21st CCLC program.

Please note that the contractor and procurement service requirements, which can be found under the Fiscal Records Requirements and Documentation section, apply to evaluation contracts.

Contractors

Subrecipients must ensure that all vendors and contractors (e.g., contractor, consultant) are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from transactions with a federal or state department or agency. Verification may be accomplished through the Excluded Parties List System and one or both of the following: (1) collecting a certification from the vendor, or (2) adding a clause or condition to the contract with the vendor. Additional information regarding financial responsibilities can be found at:

- Excluded Parties List System, <https://sam.gov/content/exclusions>.
- Reference Guide for State Expenditures, https://www.myfloridacfo.com/docs-sf/accounting-and-auditing-libraries/state-agencies/reference-guide-for-state-expenditures.pdf?sfvrsn=b4cc3337_2.

Contractors can provide ancillary services to the program but cannot provide or be responsible for the program. Contracts may be an allowable expense but **cannot account for more than 25 percent of the total budget amount**. Individual subcontracts with certified teachers and transportation costs are exempt from this limitation. These exempt subcontracts must be clearly labeled in the budget. All relationships with contractors must be based on a written agreement that clearly identifies the scope of work to be completed by the contractor; clear, quantifiable and specific deliverables and the assigned payment for each deliverable; financial consequences for nonperformance; and any other information as required by applicable federal, state, and local rules and regulations.

Cost Analysis

Subrecipients must maintain a cost analysis for all expenditures that ensures each cost is allowable, reasonable and necessary as required by Section 216.3475, F.S. A cost analysis must be included in the application as an attachment for the following cost items:

- Salaries of the agency leadership positions if any portion of that salary is included in the program budget.
- Equipment with a unit cost of \$1,000 or more.
- Contractors with an agreement totaling \$3,000 or more in a day's service.
- Contractors with an agreement totaling \$5,000 or more on an annual basis.
- Aggregate purchases of \$10,000 or more over the grant cycle.

A cost analysis worksheet can be found at <https://www.fldoe.org/core/fileparse.php/7736/urlt/2223RFACost-Analysis.pdf>. Wage estimates can be found on the U.S. Bureau of Labor Statistics' website at <https://www.bls.gov/oes/tables.htm>.

In accordance with 2 CFR 200.403, costs must meet the following general criteria in order to be allowable under federal awards:

- Be necessary and reasonable for the performance of the 21st CCLC program.
- Be allocable to the 21st CCLC program.
- Conform to any limitations or exclusions set forth 2 CFR 200, Subpart E, Cost Principles or in the federal award as to types or amount of cost items.

- Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the subrecipient.
- Be accorded consistent treatment. A cost may not be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the federal award as an indirect cost.
- Be determined in accordance with generally accepted accounting principles (GAAP).
- Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period.
- Be adequately documented.

Program Income

The intent of the 21st CCLC program is to establish programs that offer academic assistance and enrichment to low-income students and their families. Although not contrary to federal law, the FDOE does not allow the charging of fees.

Program Donations

Programs may not solicit donations from students and/or their family members.

Supplement, Not Supplant

21st CCLC awards include the federal “supplement, not supplant” provision. As such, 21st CCLC funds may not be used to supplant (i.e., replace) existing programs or funding. Any expenditures that supplant existing programs or funding are not allowable.

21st CCLC funds can only be used to continue programming as prescribed in this RFA or to supplement an existing non-21st CCLC program. Subrecipients seeking to supplement an existing program must clearly describe how the 21st CCLC funds will supplement and not supplant other funds.

Non-duplication of Effort

Cooperation and communication between agencies are essential to ensure the efficient use of available resources. It is the responsibility of the subrecipients to ensure 21st CCLC resources do not duplicate the services available through other federal, state or local programs or resources.

Records Retention

It is the responsibility of the subrecipient to retain all financial and program records in an auditable manner. Records must be made available to the USED, FDOE, Florida Department of Financial Services, Florida Auditor General or their designees upon request.

Records must be maintained for five (5) years from the last activity of the program or longer if there is an ongoing investigation or audit.

Data Submission

Each subrecipient is required to collect and submit data for all students participating in the 21st CCLC program. All applicants should collect assessment data for each participant within the first 30 days of program participation pertaining to each measure. These data will serve as a baseline for measuring progress toward program objectives in the subsequent data collection and reporting deliverables. Program enrollment typically occurs on a rolling basis with students entering the program at different times throughout the program year. All enrollment, program and assessment data must be reported monthly using the online application provided by Florida’s 21st CCLC Administrative Project. As part of this data collection framework, programs must have a data sharing agreement with the school/district to ensure accurate reporting of data.

Stakeholder Survey Data

Subrecipients must collect survey data from participating school day teachers to examine stakeholder experiences and benefits of the 21st CCLC program. Approved surveys are made available by the department using an online application.

Summative Evaluation Report

This report is a brief written report summarizing annual evaluation findings pertaining to student attendance and enrollment rates for summer and academic year programming; achievement of program objectives; stakeholder surveys; and changes recommended for programming, operations, or data collection. All reports must be made publicly available per ESSA requirements.

21st CCLC Subrecipient Assurances

In addition, all subrecipients must review and agree to the 21st CCLC Subrecipient Assurances. This document describes many of the requirements governing the operation of a 21st CCLC program in Florida. This document must be signed by the agency head or appropriate designee and be included as an attachment to the application.

Support for Strategic Plan

Describe how the project will incorporate one or more of the FDOE Goals included in the State Board of Education's K-20 Strategic Plan, outlined at <http://www.fldoe.org/policy/state-board-of-edu/strategic-plan.stml>.

Project Performance Accountability Information, Instructions, and Form

NOTE: The following pages are included in the RFA (DOE 900D) template and are to be completed by the applicant.

FDOE has a standardized process for preparing applications for discretionary funds. This section of the RFA, Project Performance Accountability, is to assure proper accountability and compliance with applicable state and federal requirements.

FDOE's project managers will:

- track each project's performance based on the information provided and the stated criteria for successful performance, and
- verify the receipt of required deliverables prior to payment.

For projects funded via Cash Advance, FDOE's project managers will verify the project activities/deliverables are progressing in a satisfactory manner, consistent with the Scope of Work/Project Narrative and Performance Expectations on a quarterly basis.

The Scope of Work/ Project Narrative must include the specific tasks that the grantee is required to perform.

Deliverables must:

- be directly linked to a specific line item/cost item that in turn links to the specific task/activity/service
- identify the minimum level of service to be performed
- be quantifiable, measurable and verifiable. (I.e., *How many, how often, duration, etc.*). Effectiveness (*a method demonstrating the success such as a scale goals to be attained is necessary*). Evidence or proof the activity took place. (E.g., *Examples of deliverables: documents, manuals, training materials and other tangible product to be developed by the project, training & technical assistance and the method of provision, number of clients or individuals served, the method of providing the service and frequency*). *Criteria for acceptance may vary based on the services being provided. Specific criteria will need to be developed by the program office, communicated to the provider, articulated in the deliverable form and will become part of the project award.*

The applicant must complete the information related to the required tasks to be performed and timelines/due dates for the respective tasks/deliverables consistent with the provided instructions. Per Chapter 215.971 F.S. financial consequences will be applied if the subrecipient fails to perform the minimum level of services required by the agreement. Unit cost is not necessary for each item but can be used to establish a methodology for reduction in the event minimum performance is not met.

Financial Consequences

The grant manager shall periodically review the progress made on the activities and deliverables listed. Remedies for noncompliance are stated in 2 CFR 200.338. Projects identified as high risk by FDOE may be subject to additional conditions as identified in the FDOE Green Book, Section G.

Documentation submitted to support the completion of tasks will be reviewed on a monthly basis within fifteen (15) business days of submittal or the listed due date, whichever is later. Financial consequences may be applied as follows:

- **Cohort 17 and 19** programs must meet 95% of their targeted attendance as proposed in the Funding Request Guide. If attendance falls below this level, the program will be funded proportionally to the ADA reported.
- **Cohort 19-ELP** programs must stay within their targeted attendance range as proposed in the funding request for which funding was calculated. If a program falls below this range, the program will be funded at the range that meets the average daily attendance (ADA) reported.
- All programs that do not complete the proposed adult family member services may receive a reduction in funding of one-half (.5) percent per occurrence.
- All programs that do not submit the Summative Evaluation Report, in an acceptable form within the given time frame as approved by the 21st CCLC Program Office, will not receive any additional funding until all reporting obligations have been met and deemed acceptable by the Program Office.
- Projects that do not report program and evaluation data into the online system designated by the Florida Department of Education will not be eligible to participate in the department's next 21st CCLC competition.

- Projects that that do not meet their evaluation performance goals as indicated on their most recent approved application may not be eligible to participate in the department's next 21st CCLC competition.

Programs that improve attendance may be eligible for an increase in funding up to the originally proposed level of service. Programs will have to provide documentation to support sustained attendance for a minimum of 90 programming days before requests may be considered by the 21st CCLC program office.

Demonstrated performance of the required deliverables, as well as the timely submission of the documentation to evidence the completion of tasks, will be considered in the development of funding recommendations for subsequent years and funding recommendations for other 21st CCLC Request for Proposals.
